Customer information regarding farmed Turtle Products;

The incredible taste of turtle expertly prepared by your chef makes an excellent meal! In addition to its superb taste, Turtle is extremely high in protein, yet lower in calories than beef and fowl, plus there is virtually no cholesterol.

Turtle is one of the most highly demanded of the delicacy sea foods. Our Turtle comes from the Cayman Islands in the Caribbean Sea where it is Farm fed, Farm raised, and Farm prepared. As you may know, the Green Sea Turtle was nearing the endangered species list. Now, through the efforts of the Cayman Farm, the species is finally on an upswing. After maturity, a certain percentage of Turtles are returned to the sea. This percentage is far greater than those that could have lived in the wild. More important, the Green Sea Turtle of Hawaii has been benefiting by the Farm as well. Now that there is a continuous quality supply of Turtle products, from the Farm, and a strict licensing program by the State Department of Fish and Game, poaching has nearly been eliminated.
