## TAHITI PEARL MARKET A PLACE DEDICATED TO TAHITIAN PEARLS

Tahitian pearls, treasures from the South Seas, are unique by their colors, their shapes and their sizes. It seems as if the pearl is telling a story. Tahiti Pearl Market wants to share the experience of discovering these singular gems – symbols of elegance and prestige coveted for a long time around the world.

Experience yourself choosing your pearl among thousands during a visit to a pearl farm! You can live this unique experience thanks to our pearlery concept created by Mr. Franck Tehaamatai - pearl expert since 1994 and founder of Tahiti Pearl Market. Choose your pearl from a wide selection of loose pearls and mount them in the desired setting. A large range of already set jewelry, designed by jewelers, is also available to refine your selection.

Tahiti Pearl Market has a team of multilingual professionals who will assist you in your selection. You are invited to visit our stores in Papeete, Bora Bora, Taha'a and Rangiroa, and experience for yourself the magical beauty of our Tahitian gem.

Tahiti Pearl Market producer, Mr. Tehaamatai shares his love and knowledge of Tahitian pearls through a short movie filmed in our pearl farm. Our sales associates are available at all times to answer your questions.
