

INTRODUCTION

"Revealed Within"

Those seeking the future
And what's coming to be,
Be aware of surprises which you may not yet see.

Our Planet is changing,
Which some of us may feel,
It is building up faster and the change is quite real.

It's preparation for newness
That's now surfacing for fact.
Note the storms and the changes and where it's all at.

Very little seems normal
In the actions of men,
Consider the thinking, and yes, where it might end?

For the Creator is not happy,
With wars and with greed.
And mankind's failure to love, pray and heed.

Yes, great changes are coming
Where Nature awakens mankind;
When the Cosmos will enter, bringing signs of the times.

The Poems within are here to reveal,
Messages having mysterious appeal.
The future is close, as close as we see,
Revealed here within—in these Poem Prophecies.

THE INVISIBLE PREVAILS

**The invisible realm is visible
To those with eyes to see,
With the open mind of interest of what was and is to be.**

**The understanding of the past
And what perhaps prevailed,
Depends upon the openness of perception that's entailed.**

**For the moment of the present
Is the future of the past,
Where the choices and decisions mold the action that can last.**

**For thoughts may be invisible,
But the action that results
Can impact the reaction that perception needs consult.**

**Thus, mind can process concepts
With perception and belief,
When discernment enters in, to provide decisions brief.**

**For life may seem material
In the measure of all forms,
And yet it's but a higher thought of consciousness reborn.**

**And those who dare to see this
Can penetrate the veil,
Where Divinity creates it all—and the invisible prevails.**

THE SECRET TO LIVING

**Dare to be different,
Dare life to be—
Filled with the actions
You think are free!**

**See life with humor,
Choose those who care—
Share what you think
With those who will dare.**

**Express what you feel
To the ones who appeal.
Enjoy life's abundance
Of emotional zeal!**

**And if you will do this
Your earth life will be—
Exciting with value,
How else could it be?**

**Love won't escape you
And you may possibly find,
The secret to living
And a joy few can find!**

SOULWISE

**Our Soul knows where we're going
And all that is required.
The journey may be a long one,
But the Soul will never tire.**

**For the Soul is the super consciousness,
That is from God Divine.
Connecting us to the Higher,
As part of the Infinte Mind.**

**It's our blending with the Highest,
Where our wishes are fulfilled.
Where love and guidance helps us
To climb the highest hill.**

**Life's troubles will never daunt us
Nor will fear impact our days,
With the Soul to lead and guide us
Along the Higher way.**

**Each human has this embodiment,
With the Soul to do it's part.
We need but pray and ask it
With permission to thus start.**
