Hi George,

Thought you would be interested in this sighting report. I already replied explaining that we're not an organization and that it was likely your marking and I would forward to you.

Subject: Turtle #29 Hanauma Bay

Hi George,

MT 29

Thank you for the information on the turtle. He or she was a beauty!!! It was my first time snorkeling where there are sea turtles and I really enjoyed it.

I live in Georgia, so I am currently looking for places in Florida to take my children where we might see sea turtles in their natural habitat, and do some snorkeling!

I saw #29 on January 7 of this year, right in the middle of the bay, behind the reef/rocks that stick out of the water. There was another turtle swimming close by, much bigger, but no number.

Are there any type of sea turtle research/conservation programs that you know of that may need volunteers during the spring/summer months? (in Hawaii, Florida or Coastal Georgia)

I would appreciate any information.

Kindest regards,

Debbie Lee
