let turtles ~~escape~~ escape out lower
tide.

9:30 AM Watched blind inlet channel no turtles
seen, except "BT" swimming out (seaward).

Went to Pahoa - I had lunch at Mexican restaurant -
Return ~ 3 PM. Set net across rock ridge

behind Jo's deck (to left). Used net as barrier
to "head" from frog site (in front of right
of way (next house) Kimura's - Howard Takata
friend or relative. Turtles foraging on

Gracilaria salicornia in this inlet.
At sunset we went to Chong Pond /

Champaign Pond - from Mr. ^{Richard} Chong's property -
A-frame house. ~~At~~ The rock removed

from channel most easily of the two
~~is~~ is the channel used by the
turtles. Could this account for more
turtles coming more often now? Does allow
easier access. Turtles inside

including Chong Pond at sunset.

Tuesday

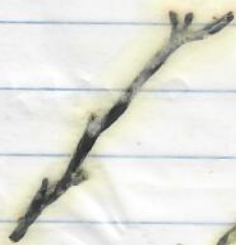

July 12, 05

As darkness set in, more turtles seemed to arrive. We worked without lights to hand catch and put into tubes taken back to Chong's deck by Gene & Patty Hall. Numerous white painted (MT) turtles seen from working yesterday (7/11/05). Loaded Howard Dodge truck and drove to Jo's to work them up and release at Blind Inlet (same as was done yesterday).
