Subject: visit to Pac. Aquaculture & Coastal Resources Center

Hi,
If you do decide you have time on Friday to swing by PACRC at the old
sewage treatment site at Puhi Bay past the harbor but before
Kahakaha, folks will definitely be there because they will be prepped
for Saturday's Ocean Day. I've alerted Sharon Ziegler-Chong, the asst.
director, and Mike Haring, one of the technicians that you may stop by
around 3-3:15ish.

Hilo → Hono flight
4PM HA

for Hilo
June 13, 07 Depart HA 7:40 AM
with Bránde Gerke PIRO for site
visit to JOHN BASSALL 16 ACRE property
KAPOTO Beach Lots.

Budget rental car and drove to
Pohokapa. Light rain and overcast.
Bránde phoned Environmental Planner
and Bassall to tell of our coming.
Showed her around Beach lots -
low tide no turtles seen.

Drove to Bassalls - he was hospitable
but showed no interest in talking
to us. Immediately referred us to
Sam (his grounds man and others
that he didn't know name).
Sam indicated later he had no
plans - depresses things as time passes.
Spent ~2 hours w/ Sam showing walking

JOHN BARSELL (17)

property. Lots of mangrove sawed
since we were there in April.
Island in front of (north of) prior
major entrance to Mangroves now
all sawed clean. Dirt and rock
road made to connect rock islets.
Construction material in Awarag shed
for new house to be built - "for guests".
Sam said \$5000 ^{given} fine for cutting
down Hau trees. "DLNR" told him
it was ok to cut down mangroves.
Sam has seen very small turtles
(new recruits) in Mangroves. He feels
"sorry" for the turtles when I said I
felt sorry for Mangroves.
Examined submerged rock "wall" across
end of blind inlet. Sam confirmed
turtles down go in there now -
built up too high. He said he would
take it down in middle. Many photos.
Also he pointed out rocks piled
up (as opposed to "wall built"
along property fronting small cottage. Shed
newly piled.
Walked back into area of Mangrove
Cove.

6/13/07 Bassell (continued) (21)

wednesday

Sam volunteered use of "Roundup" to control weeds. Planting of grass (top soil brought in) and fertilizing it (note - more algae will grow?) Walked to area where Mangroves piled up - Trying to "MULCH" it by adding ^{BRANCHES} 100 large twigs he said. Sam said several times "He needs me".

Also Sam said his Aunt's father (?) or grand father (?) owned this property long ago. I asked him to ask her about the Fish Pond - Submerged rock wall.

Sam didn't seem to know plans. Sam said building permits for 3 main houses (on poles) still not final granted.

Drove around again beach, lots to show Brandlee. Met Hawaii County Robert USAGAWA AND Esther IUPANUKA on Bell Stearns Street. She tried to explain division of responsibility State vs County re ocean and land. OWN vs allowed to do something. Familiar with name BASSELL.

6/13/07 Continued
B&B self

(23)

Told about recent seeing many looking turtles
at gavel area judges (photos sent to
me). Drove to Richardson Ocean
Center - walked to Orange Life Guard
stand - saw several large turtles feeding.
Swimmer said one bit him (doubtful?).
Departed Hilo return to Honolulu
4pm ^{flight} Hawaiian AIR.
