Dear George,

2/03

A little something to say Mahalo for all the time, effort and energy you have put into making the codes behind the windows work over the past two weeks (and during the lead up to my visit). I really appreciate your advice & guidance and I have enjoyed the past 2 weeks greatly. Thank you for making it possible for me to include your honor in my story, for introducing me to some wonderful people along the way and for helping me with my research so that I might go back and write the report (whatever it may say!)

Mahalo George! Yours, Karen
