

George!

Thank you ... Thank you ... Thank you!

Jagging may be just another part of your life's work... but did you know it is a major reason for us mainlanders to make our way back to the Bicoy Reunions?

So actually, you are not only helping to save Green Sea Turtles, but you are assisting in forever preserving memories made and family ties made tighter!!!

Our experiences with you are priceless...Thank you!

Love!
Alona
Tracy!
P.S. Thanks
for the
