9-11 FAX of Larry Kostratz of hatchlings just tagged and released - description
Not healthy. Discussed w/ Timmy 9/13 + (1) Short report on Necropsies LL;

(2) Necropsy session 9/19 or 9/21; (3) Revise Immunology - ISSUE ADMIN Report

10 SEPTEMBER 00 MOLOKAI (Palaau & Halau)

SUNDAY Laurie Allen, GB - 3.5 hours at Waikane -> Iloloft
Palaau w/ Ed Medeiros searching for Halophila. None found.
Lunch at Hotel Molokai w/ Diane & ED. Drive to Halau. Lots of
Bryasse(?) along beach. 2-3 Body pit areas faintly seen,
one by Heliostrafe uncertain - presumably the last nest
laid. Need - Fishing TRIP w/ ED to (1) Determine FP prevalence
(2) Better search for Halophila (3) Year 2000 Plasma bank
