Turtle Town: The jewel of Makena — is this unique turtle habitat! And like the name says... there are dozens and dozens of turtles that have made this coral reef "their town". There are many areas where turtles live and congregate around Maui, but this one is the most famous, by far. Most

of Maui's top snorkel charters have been taking passengers to this famous location for over 15 years. I too agree that there is no better spot to see the Hawaiian Green Sea Turtle than right here. Also, something not to be missed, are the underwater arches and ledges of lava that abound.

Wailea Point: Directly off Wailea Beach, at the southern end, where the beach meets the rocky coastline, is a spot where dozens of turtles can be found. Because of the large abundance of coral heads and sea grass turtles enjoy plenty of shelter and food here. Always be sure to view from a distance and not harass them as this disrupts their natural behavior patterns.
