

An Answer for George Balazs from the past- From Dr. Carr

I have wonder many times over the years why Archie Carr seemed to like me so much, invited me to meetings and then appointed me in my late 20s to MTSG, and later his Co-Chairman of the entire MTSG. Well, the Why? recently got answered. The below is from Kim Ogren, Larry Ogren's daughter. Larry was Archie Carr's assistant for years- though his Master's and then afterwards too (you know!) I met Larry years ago and we became good friends. Haven't seem him for 10+ years until New Orleans when he and Kim came. Nice Reunion! Here's what Kim wrote to me:

"Dad just told this one upon our reading your reply which is so sweet: you know why archie liked you so much- archie would tell dad about how much he liked your persistent questions in meetings: "He'd get them by the shorthairs and not let go." Keep it up!"
