JIA LU 2001
Water / *L'eau*
oil on canvas / *huile sur toile*
55 x 79 inches / 140 x 200 cm

呂佳 〈森〉 油畫

While many of my paintings are inspired by Buddhist ideas, this one is essentially Taoist, contrasting motion and stillness, and the force of water that can wear down stone. Water is a female principle, supple and cold, dark and mysterious. For me it represents the quiet softness of true power.

ABOUT THE ARTIST:

Jia Lu was born in 1954 in Beijing, China, where she worked as a nurse, an actor, a navy officer, and as an art editor before enrolling in the Central Academy of Art and Design to begin her professional training as an artist. She moved to Canada in 1983 where she continued her studies at York University. In 1995 her work underwent a dramatic change following a visit to Europe where she rediscovered the power of oil painting. Since then she has exhibited throughout Asia and North America. Ms. Lu now lives and works in California.
