

*Pleasant  
Memories  
of  
Hawaii*

*Summer Sea Turtle*

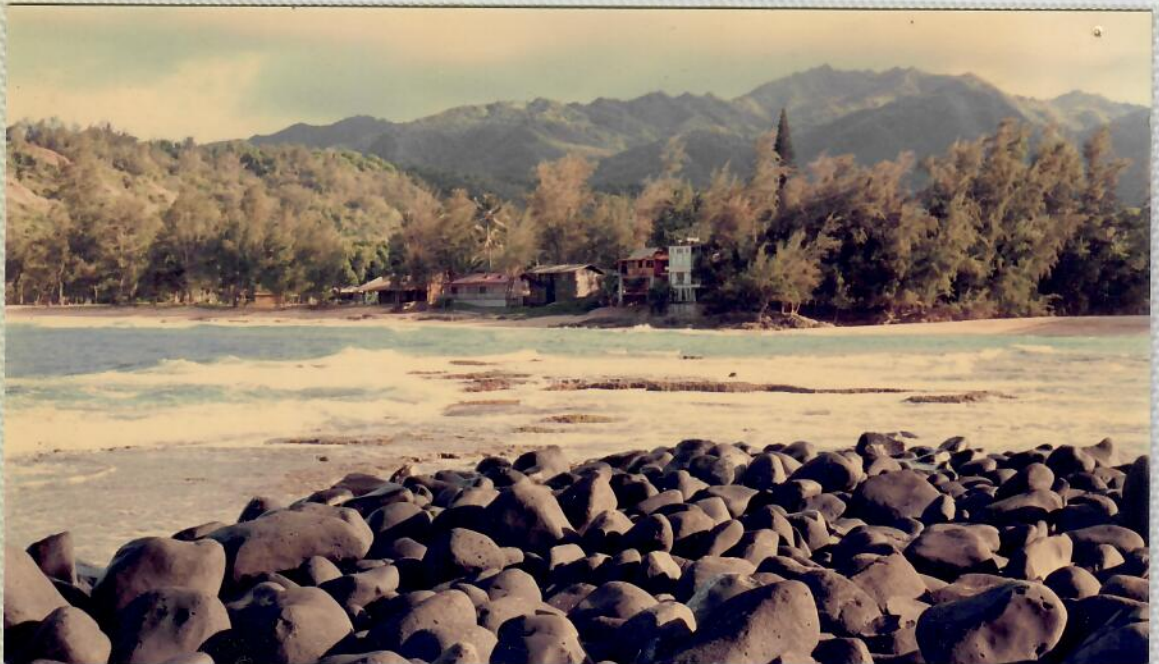

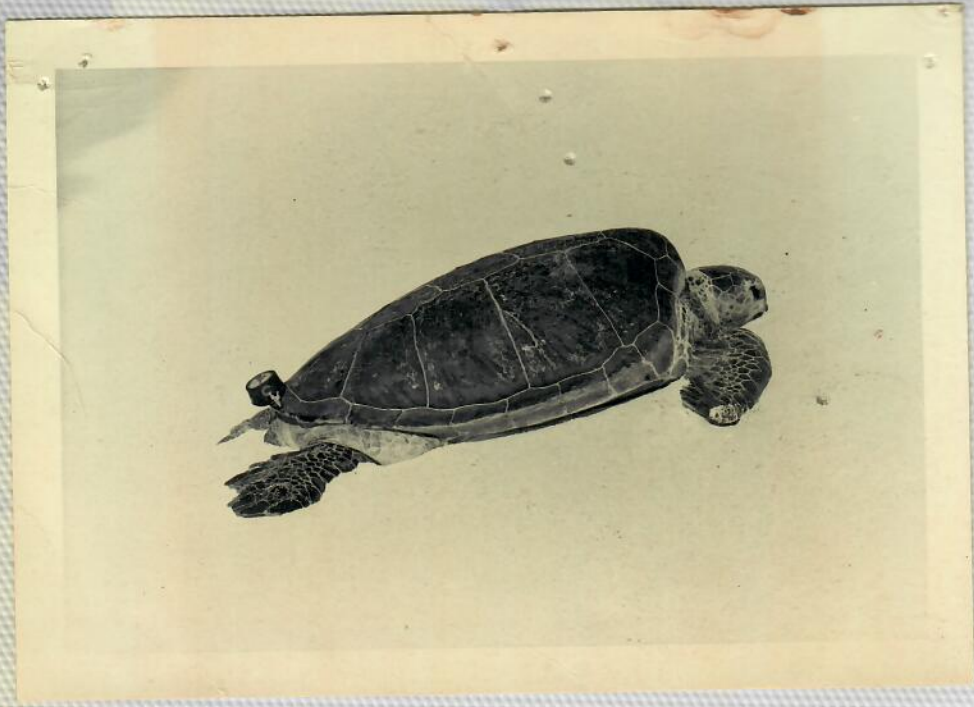

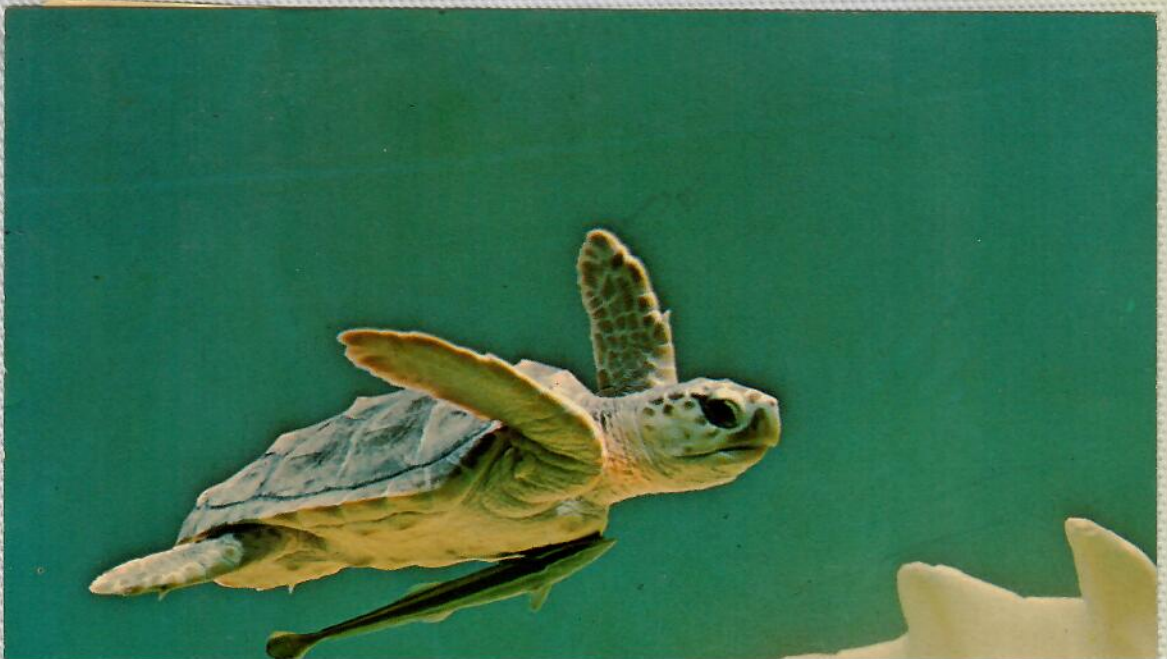

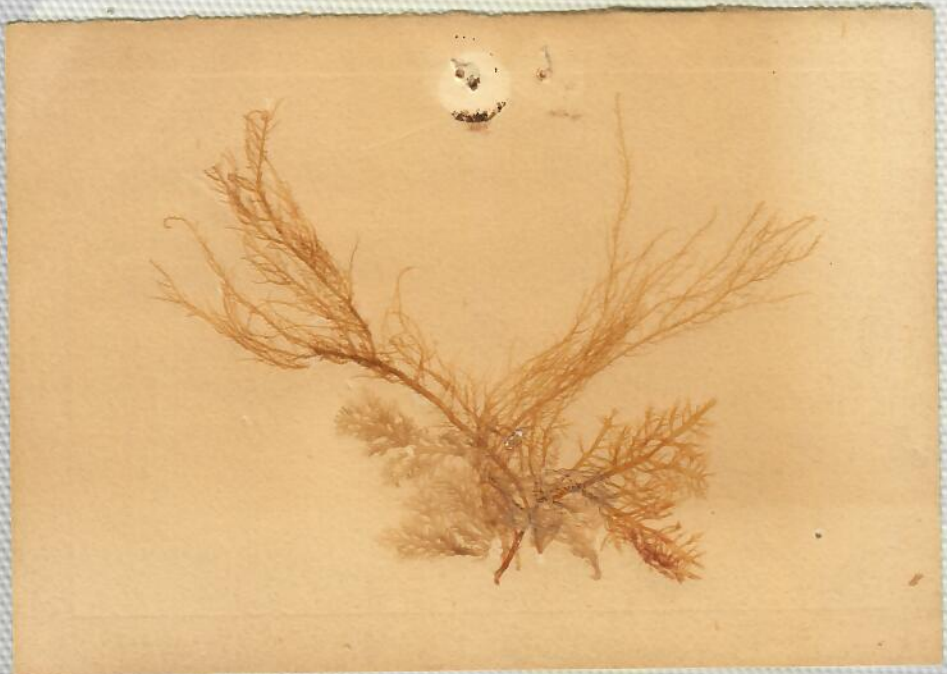

July 14 1980 Tern Island

 AMERICAN MUSEUM OF NATURAL HISTORY  
 CENTRAL DEPT. STORE, MANHATTAN, N.Y.

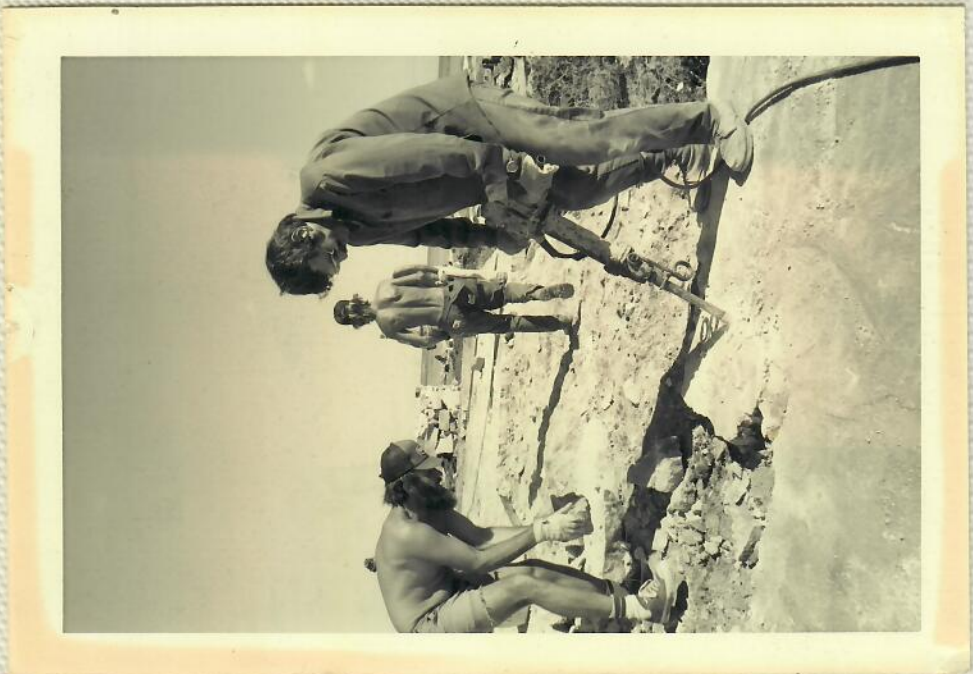

Orange  
 Not very tall. Do they have  
 capitula in whorls or helix?  
 They are porous though. Hetero-  
 zooids in only toward base.  
 Calc. too soft for the fragments  
 meeting. Will make contact soon  
 the time. *Styrod*
