

For the Love of Turtles

Welcome to the corner of *Turtle Trax* where we use some of our favourite photos to highlight the beauty and wonder of the sea turtles of Honokowai. We hope that these images will give you some insight into our love of these animals, and why we feel compelled to speak out on their behalf.

We think of this as our "family album".

Chief Dan George, leader, wise man, and occasional actor, wrote these words in the book *My Heart Soars*, co-authored by Helmet Hirnshall and published by Hancock House. It seemed a fitting way to begin this part of *Turtle Trax*. (91K GIF)

[Portraits of the Turtles of Honokowai](#)

This is a series of nine portraits of the turtles of Honokowai. Pictures in this gallery were taken during the summers of 1992, 1993, and 1994. These images include some of the nicest shots we've got *and* some of the ugliest.

[Diving With Sea Turtles](#)

We have assembled some of our images from 1995 into a photo essay showing a typical visit to the Turtle House. This page contains 154K of GIFs illustrating some of the turtle activity during one of our dives.
