Dear George,

I am in the process of compiling the Bauser family tree. I started on this about two years ago because I felt that it was important to have our ancestry to show my daughter when she gets older. So she can appreciate the journey taken to get where we are now and to know where she came from.

I have enclosed a copy of what information I have so far. I am hoping that you would be willing to look over your family portion of the tree to revise and add information as needed, and then to send it back to me so I can make the necessary additions/corrections.

I have enclosed a postage paid envelope for your convenience.

I greatly appreciate any help that you can give me.

Sincerely,

Becky Bauser-Schott
