# MĀLAMA HONU TURTLE PROGRAM

For 30 years, Mālama Honu has celebrated releasing turtles on the 4th of July, also known as Turtle Independence Day! Each year, visitors join us on our shoreline for this wonderful event.

Established in 1989, the Mālama Honu program creates an awareness of our endangered sea turtles through education and the practice of conservation. In partnership with Sea Life Park, a marine and wildlife center on Oahu, captive-reared hatchlings are sent to Mauna Lani to be cared for in the hotel's saltwater ponds. In two to three years, they grow to a size deemed appropriate for release into the wild. During the honu's stay, guests from around the world get to visit and learn about the sea turtles. This relationship aids in the future survival of this endangered species.

## *Hālau, Great Lawn, & North Lawn*

Hālau, Our Village Center, where fitness, spa, culture, retail, and market all interconnect. Great Lawn, where during long lazy days we enjoy pools, beach, food and drink. North Lawn, where our event space and the world-famous CanoeHouse restaurant rest.

## *Waipuhii ~ Water of the Eel*

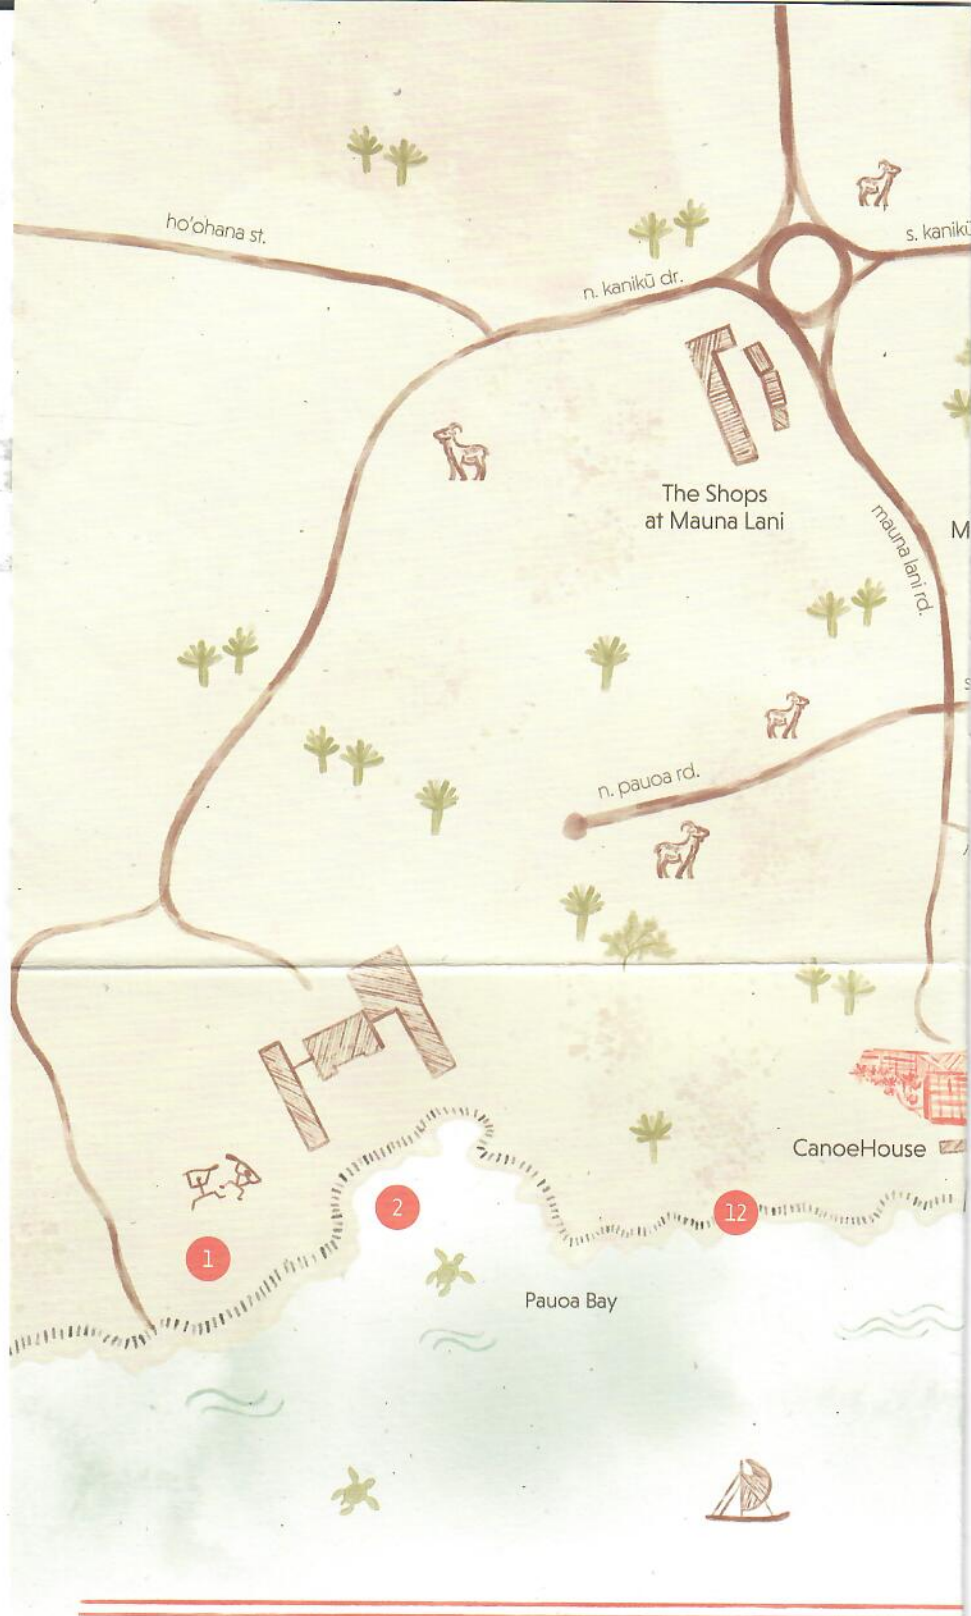

Whilst a mother did her chores, her infant child slipped in to the nearby pond and transformed into an eel. Sometimes, you hear its cries.

## *Ala Loa ~ Long Pathway*

This circle-island trail was created by Hawaiians over a thousand years ago. King Kalākaua (1870's) had the trail restored for cattle drives.

## *Ponds of Kalāhuipua'a*

These truly ancient ponds date back over 2,000 years! Hawaiian royalty came here to renew their spirit and enjoy the bounty of the ponds.
