Dear Mr. Balazs;

Please accept my personal thanks for lending us your color slide of Kure Island. Because of your prompt attention to our request we were able to have a number of color prints made from your slide and forward them on to the crew of Coast Guard LORAN Station Kure as a memento for their service so far from home.

Enclosed is your original slide and one of the prints. Your kindness and excellent photography is deeply appreciated by this office and, I am sure, the officers and crew of Kure. Thank you again for loaning us your slide and please feel free to contact us at any time if you are interested in photographing or writing about Coast Guard units in the Fourteenth Coast Guard District.

Sincerely,

A handwritten signature in dark ink, appearing to read "P.B. Dyer".
