SERVICE NEEDN'T BE A PROBLEM IN P.N.G.

Office equipment suppliers in P.N.G. are usually agents for Australian or American companies; agents that don't really have the facilities to fully support the products they are marketing.

We are the company that disproves the rule. A company that has been in the islands for over 30 years and built up a service reputation of which we are

proud — a reputation for ensuring customers experience the minimum downtime with their office equipment, however sophisticated and wherever it may be installed.

The next time you are in the market for equipment or supplies, you'll do better to contact your local company:
