

Bernard M. Scherman, M. D.

6-15-86

Dear Mr. Balazs,

Enclosed are some snapshots
taken of the turtle we spotted by
our property recently. I think
these pictures were taken of a healthy
turtle which might have been
the same one that was severely
injured in the eyes when we called
you several weeks ago.

We just thought you might be
interested in these pictures.

Respectfully,

Madeline Scherman
