【大鵬灣古今】

大鵬灣古今

大鵬灣古稱「繁興港」、「茄藤港」、「關帝港」及「南平港」，日治時期則稱為「大鵬灣」，為二次大戰日軍侵略東南亞的軍事基地。民國 38 年國民政府遷台接管後，才改為「大鵬灣」。

大鵬灣是林邊溪及東港溪經千百年來的海陸變遷沈積成為「砂嘴地形」，所圍成的水域面積為 523 公頃，是台灣最大單口壘狀潟湖。為保有這天然特殊的潟湖景緻，1997 年成立「大鵬灣國家風景區管理處」是為交通部觀光局第四個國家級風景區。2000 年「小琉球風景特定區」為觀光發展需要，併入大鵬灣國家風景區內。

目前大鵬灣主要的遊憩據點有恆春半島旅遊服務中心、青洲濱海遊憩區、大鵬灣海洋休閒特區、環灣自行車道；搭乘遊艇環繞大鵬灣，可欣賞紅樹林生態，並可至「蚵殼島」探訪大鵬灣域養蚵傳奇。

在未來的規劃中，大鵬灣將興建賽車場、國際觀光旅館、主題遊樂園、高爾夫球場、遊艇港等，使大鵬灣成為「國際級水上休閒渡假基地」。

【Dapeng Bay Now and Then】

In the old days, Dapeng Bay used to be known as "Biesing Harbor," "Cieteng Harbor," "Guandi Harbor," or "Nanping Harbor." During the Japanese colonial era, it was renowned as Dapeng Bay. The Japanese used the lagoon as a seaplane military base during World War II. In 1949 the Chinese Nationalist Party (KMT) government reclaimed the bay and officially renamed it as "Dapeng Bay."

Dapeng Bay, natural landscape of sand spits accumulated by the drainage of Linbian Brook and Donggang Brook, is the only single mouth bag-shaped lagoon in Taiwan, with the total water area of 523 hectares. It is an area yet to be explored and a rising star for recreation planning. Dapeng Bay National Scenic Area Administration was set up in November 1997 in an attempt to preserve the natural exquisite scenery of lagoon, marking it the 4th national scenic area by the Tourism Bureau of the Ministry of Communications. Owing to the promotion of tourism, the area was merged with the Lioucui Special Scenic Area and Dupeng Bay area in 2000.

The attractions nearby include Hengchun Peninsula Tourist Center, Qinghou Seaside Recreation Area, Dapeng Bay Ocean Recreation Area, and Bypass Bay Bike Path. You can take a ferry for a round tour of the Dapeng Bay, winding in the mangroves, and exploring the legend of the shell island stack up with oyster shells.

It is an area yet to be explored and a rising star for recreation planning to build mQing courses, international hotels, theme amusement parks, golf courses, yacht harbor, and the like. It will soon transfer Dapeng Bay into an internationally renowned water recreational resort.

迎王平安祭典緣起

2000-2003 直日志

康熙 23 年，東港設下淡水巡檢司署，地方逐步發展，吸引福建泉、漳人士移鄉。而濱海來台先民滿載對原鄉親人的不捨及對新墾地瘟疫疾病的懼怕，唯一的心靈依靠，只有從原鄉奉請而來的溫王爺香火。自清領時期，東港迎王配合地方角頭的團結，泉州遊街道士傳入之原鄉科儀，及溫王爺信仰的廣被寰宇，流傳至今。「迎王」旨在迎請與溫王爺義結金闕，奉玉旨代天巡狩的千歲新至東港過境，駕鎮亟麻盡除不淨，以求地方平安。

東港 - 小琉球迎平安祭典關係

清咸豐年間「溫府千歲」化身老者前往福州購買杉木，並吩咐木材商，每支杉木上都印上「溫記」後，再把杉木拋入海中。印上「溫記」的杉木除二支漂流至小琉球外，餘皆漂至東港「鎮海里」沙灘；然而被小琉球漁民拾獲之二支杉木，引起雙方對於杉木所屬發生爭議，經治商協議後，以長杉木作為廟前旗杆，短杉木雕作「東峰宮」鎮殿「溫府千歲」金身，並約定三年一科平安祭典，「三隆宮三府千歲」成為小琉球一角頭，列入東港迎王七角頭之一，共同參與「東峰宮」迎王祭典的要務。至民國 14 年西元 1925 年，乙丑科因受阻風浪，未能參加而退出。另於民國 20 年小琉球「三隆宮」開始獨立舉行迎王祭典。

當時東港堵仔角人士「陳阿助」先生與其子「陳秋金」先生曾於海捕撈遇上巨浪衝擊，正處危急，忽見「三府千歲」立於船首踏破浪濤，一路護航人、船均安抵港。「陳阿助」父子為答恩「三府千歲」，極力爭取以「堵仔角」代表小琉球「三隆宮三府千歲」參與迎王。從此「三府千歲」即由「堵仔角」沿承正式成為東港迎王祭典七角頭之一。

【Origin of the King Boat Festival】

During the 23rd ruling year of Emperor Kangxi of Qing Dynasty, Danshuei administrative agency of patrol and inspection was installed in Donggang where incremental development was so prevalent that attracted immigrants from Quanzhou and Zhangzhou of Fujian Province. Owing to the nostalgic feeling of hometown and fear for the plague and pestilence at the new land, the early ancestors invited the blessing of Wen Wangye from their hometown for spiritual dependence. Ever since the Qing Dynasty, the Welcoming Wangye ceremony has been coexisting with local headmen and gentry along with patrolling procession ritual originally held by Taoist masters from Quanzhou. Accordingly, the religious belief of Wen Wangye has been widely embraced by the local residents. Welcoming Wangye ceremony aims to invite Wen Wangye to unite with other deities under heavenly orders, accompanying him in patrolling the neighborhood for several days in order to dispel evil spirits, ward off pestilence, and ask for peace.

Peace Praying Festival- Donggang vs. Liuqiu

During the ruling year of Emperor Xianfeng of Qing Dynasty, Wen Wangye disguised himself as an old man to purchase lumber in Fuzhou. He ordered the lumber dealer to first carve each divine tree with mark of "Donggang Wen's" and then to throw the lumber into the sea. All the divine trees marked with Donggang Wen were all found on the seashore of Jhennali in Donggang except for two found by fishermen in Liuqiu. Yet the property dispute occurred over these two trees. After negotiation and compromise, the longer tree was used as the flag pole in the courtyard of temple whereas the shorter one was carved into one of the statues of local gentry for Wangye at Donglong Temple. Accordingly, it was agreed that the peace praying festival took place every three years. In addition, Sanfu Cian-Sui-Ye became one of the local gentry in Liuqiu, listing as one of the seven gentry and taking a significant role in Donggang Peace Praying Festival. Unfortunately, due to strong storm in 1925, Sanfu Cian-Sui-Ye was not able to take part in Donggang Peace Praying Festival, and in 1932 Sanlong Temple started the independent welcoming Wangye festival on its own. Meanwhile, two fishermen from Puzijiao, Mr. Ajhu Chen and his son Cloujin Chen, encounter devastating storm during their fishing trip and were taken away by strong waves. In the midst of danger, Sanfu Cian-Sui-Ye appeared standing on the far end of boat and safely guided the fishermen and boat back to the harbor. In order to show their deep gratitude and piety, fishermen Ajhu Chen and his son Cloujin Chen endeavored in advocating Puzijiao to represent Sanfu Cian-Sui-Ye of Sanlong Temple to welcome Wangye. Ever since, Puzijiao has officially represented Sanfu Quantum deity to become one of the seven gentry in Donggang Peace Praying Festival.

【平安遊大廟】東港 - 東隆宮

康熙 23 年，東港設下淡水巡檢司署，地方逐步發展，福建漳泉移民眾多。為求平安橫渡黑水及拓墾順利，從原鄉奉請而來的溫王爺亦跟隨定居東港，由於神靈顯赫、祈求應現，康熙 45 年創建草堂，供奉溫府王爺，廟稱「東隆宮」，期使【東港興隆】。

東隆宮初期地處東港溪畔，因地質鬆軟，廟基受損，首次遷建又位臨海域，常受颱風海浪吹襲，經地方士紳合議再擇地重建，經地理師勘定現今廟址「浮水蓮花穴」作為廟堂永久之地。現今廟容為仿華南重檐式的殿宇，於民國 67 年至 73 年改建完成，後因參與迎王祭典活動的宮、壇、廟宇眾多，另於民國 86 年，將廟前廣場擴大，前有以金箔打造的牌樓【山門】，門內左側為【王船賽】，右側為【王府戲臺】，中間有一小水溝為溫王爺的【玉帶】。

東隆宮一樓主祀溫王爺，註生娘娘及土地公夫婦陪祀左右側；二樓供奉與讀書人相關的倉頡與孔孟，是參加各種考試人的心靈寄託。三相奉祀天公與天上星宿諸神。

東隆宮每逢牛（丑）、龍（辰）、羊（未）、狗（戌）年，舉辦迎王平安祭典，由於祭典儀式保留傳統古制，加上溫王爺對蒼生的庇佑，使東隆宮香火日益鼎盛。而宮內專屬的【祭改】方式，在台灣廟宇中獨樹一格，祭改方式分為大、小改，而且男、女、小孩有不同的改法。

【Temple Tour—Donglong Temple in Donggang】

During the 23rd ruling year of Emperor Kangxi of Qing Dynasty, Danshizai administrative agency of patrol and inspection was installed in Donggang where incremental development was so prevalent that attracted immigrants from Quanzhou and Zhangzhou of Fujian Province. In order to pray for safe travels crossing the Black Water and smooth cultivation, Wen Wangye was invited to accompany them to reside in Donggang. The competent deity was so prominent that wishes of the local residents were bestowed. In the 45th ruling year of Emperor Kangxi of Qing Dynasty, a thatched cottage was built to enshrine Wen Wangye with temple inscribed board of "Donglong Temple," wishing for the prosperity of Donggang. Donglong temple was originally built near the seashore of Donggang Brook, with its soft geological structure gradually destroying the foundation of temple. In addition, it was often attacked by the devastating typhoon. After the suggestions of the local elites and fengshui masters, Donglong temple has been moved to the current location, also known as Floating Lotus Flower Cave, for permanent residence.

The current temple is a replica of imperial palace with Huayuan style of double-roof architecture. The renovation began 1978 and lasted until 1984. Owing to the participation of many shrines and temples in Donggang Peace Praying Festival, the front courtyard has been expanded in 1997. The giant decorated archway, also known as Mountain Gate, in front of the main door of Donglong Temple is made of pure gold foil. Within the gate, King Boat cottage is located on the left and stage of the King Residence is located on the right with a little drain in the middle, known as Jade Belt of Wen Wangye deity.

On the first floor of Donglong Temple, the main statue is Wen Wangye with Goddess of Fertility and the couple of God of the Land on two sides. On the second floor, master Changjie, master Confucius, and master Mencius are spiritually worshipped by those who will soon attend tests. God of the Sky and other gods are worshipped on the third floor. The Donggang King Boat Ritual is held every three years at Donggang Temple when it comes to the 2nd (Ox), 5th (Dragon), 8th (Rabbit), and 11th (Dog) year of the Chinese 12-year cycle. Along with the traditional ceremony and the merciful blessings from Wangye, Donglong Temple has attracted many worshippers and fans from home and abroad each year. The worship rituals exclusively held at Donglong Temple are rarely seen elsewhere. The worship rituals consist of large-scale and small-scale ones, performed differently to men, women, and children.

【東隆宮—祭改】

在大千歲等五位千歲巡狩期間，其中較受注目的就是中軍府前的「祭改」、王駕遶境時隨從前後的還願者、王船遶境時各家戶使用替身的「改運」。

在民間常行的除厄改運儀式，乃是經由神明不可思議之力進行解除。王爺廟中被崇祀的王爺神威顯赫，故最得善信的信任。

《祭改的形式大致可區分為四類》

1. 小改
2. 大改
3. 掌嘴
4. 改車

1. 小改

凡要小改者不需事先擲茭報王爺，只要前往想要祭改的神位前（如中軍府或溫府千歲），請班頭為他們執行儀式即可。

2. 大改

凡要大改者，皆需事先請示王爺或千歲爺，以及需要接受多數量的鞭打，信眾擲茭請示時以一杯茭為準（代表壹百下），每加一次需即表加二十下。

3. 掌嘴

這是當信眾請示神明後，發現是因為無心說錯話而需掌嘴時才舉行的祭改方式。

4. 改車

當信眾採購新車後或舊車出狀況，為求行車平安順利，多會前來東隆宮，請求中軍府或溫府千歲為之祭改。

【Donglong Temple】 Evil-Ridding Service

During the inspection tour of the five Cian-Suei-Ye including Yu Senior Cian-Suei, the most eye-catching events are the "evil-ridding" service in front of the Jhong-Jyun-Fu, followers joining in the parade to "redeem their vows", and the spectacle in front of every household along the King Boat parade using dummies to perform a "fortune-changing" ceremony.

In Taiwanese folk religions, the ridding of bad spirits and changing of misfortune are often performed by the supernatural power of the deities. And the Wangye enshrined in the temples are most eminent and thus most trusted by followers.

There are four major types of the evil-ridding rituals: minor service, major service, slapping, and new-car blessing service.

1. Minor service

Those who intend to have a minor service do not have to toss the divine wood blocks in advance, but simply go to the shrine which they intend to turn to and ask the head of the ritual performers to perform a minor service for them.

2. Major service

Those who intend to have a major service have to ask for the approval from Wangye or Jhong-jyun-ye by tossing the divine blocks. How much lashing should be given has to be determined by tossing the blocks too. Each time when the blocks land one convex up and the other flat side down, it means an increment of twenty lashes.

3. Slapping

Slapping is performed when the deity designates the bad fortune is caused by the follower's mindless slip of the tongue.

4. New car blessing

Followers who wish to have their new cars blessed for road safety would turn to Jhong-jyun-Fu or Wen Cian-Suei in Donglong Temple.

已故的迎王平安祭典

2008-2009 亂世古廟年

三隆宮位於小琉球本福村之南端，是當地居民宗教文化中心，供奉池、吳、朱三位王爺，俗稱三府千歲。為閩人陳明山，攜自故鄉的分香王爺，所以俗稱王爺廟；廟宇地點相傳為雙鳳朝陽穴，草創於清乾隆初期，1961年改為瓦廟，今日的大廟是1982年所建，費時1年10個月完成，佔地一甲多，是小琉球最大的廟宇。

三隆宮主辦三年一科的迎王平安祭典，是琉球鄉最具歷史文化的代表，與東港東隆宮的王船祭有深厚的淵源。

【Temple Tour—Sanlong Temple in Liuqiu】

Located at the south of Benfu village of Liuqiu, Sanlong temple is the religious center of the residents. In this temple, Chih, Wu, and Jhu three deities are consecrated, known as Sanfu Cian-Sui-Ye who were carried by Mingsan Chen from his hometown. Hence, the temple was called Wangye Temple. Allegedly, the original temple was located on Double Phoenix Yellow Sun Cave. It was first built during the ruling year of Emperor Qianlong of Qing Dynasty and people rebuilt the hut-house temple into a brick temple in 1961. The current structure was renovated in 1982, lasting one year and ten months, occupying approximately 10,000 square meters. Sanlong Temple is now the biggest temple in Liuqiu, where the peace paying ceremony of welcoming Wangye is held every three years, marking it the most representative cultural activity in Lioucien Township. In addition, it symbolizes a rich relationship with the King Boat Festival in Donglong Temple of Donggang.

◎ Donglong Temple: October 10 to October 17, 2009

◎ Sanlong Temple: November 5 to November 11, 2009

Donglong Temple and Sanlong Temple serve as the religious center of Donggang and Liuqiu respectively. This year, the triennial King Boat Ceremony is hosted by both Donglong Temple and Sanlong Temple and co-organized by Dupeng Bay National Scenic Area Administration.

This grand event is held every three years when it comes to the 2nd (Ox), 5th (Dragon), 8th (Ram) and 11th (Dog) year of the Chinese Zodiac Cycle. During recent years, the ritual is mostly held in September (lunar calendar) and the date would be decided by throwing divine blocks. It originally lasted for 5 days and now the duration has been extended to 8 days. This 8-day long ceremony contains 13 major rituals: "Turnover of Jisotou Task", "King Boat Construction", "Enshrinement of Jhong-Jyun-Fu (the pioneer troop)", "Jin Biao (invitation letter submission ritual)", "Building Dai-Tian-Fu (temporary residence for Cian-Suei-Ye)", "Welcoming Ritual", "Walking across Fire Ritual", "Inspection Procession", "Offering Ritual", "King Boat Ritual", "Moving the Boat", "Feasting Wangye" and "See-off Ritual".

中軍府的安座亦是代表神界已進入平安祭典的準備階段，中軍府的到來，王船亦可正式建造，中軍府安座時間，約在大科年的前一年農曆八月，而今為提早建造王船，東隆宮及三隆宮會在王船「豎艤」前，先恭請值年中軍府安座，以便督視王船的建造。

中軍府安座
Enshrinement of Jhong-Jyun-Fu (the Pioneer Troop)

Jhong-Jyun-Fu is the pioneer trooper of the ceremony and services as the bodyguard of the Cian-Suei-Ye. Before welcoming the arrival of the Cian-Suei-Ye, Jhong-Jyun-Fu would come first to inspect the area, supervise the King Boat construction and train heavenly soldiers.

Enshrinement of Jhong-Jyun-Fu represents that divine world is ready for the preparatory stage of the Ritual. The arrival of Jhong-Jyun-Fu means that the King Boat construction can be formally begun. The time to enshrine Jhong-Jyun-Fu is usually in August (lunar calendar) of the prior year of the Ritual. This year, King Boat construction will be started earlier. Donglong Temple will first conduct the Jhong-Jyun-Fu enshrinement ritual before "laying down the keel", so that Jhong-Jyun-Fu can supervise the construction of the King Boat.

【 King Boat Construction 】

King Boat is an important instrument for the whole ceremony and its purpose is to capture plagues, evil spirits and demons. It is expected that Cian-Suei-Ye, who serves as the Patrol Deity for the Heaven, can carry these "bad things" away. Besides, people would pray that the Plague Deity can also take the King Boat and sail away as soon as possible. Donglong Temple and Sanlong Temple usually build a King Boat based on the customs. In Liuqiu, a launching ceremony will be held after the King Boat construction is accomplished. Then, sails of the Boat will be raised and twenty-four kilograms of lucky candies and cookies will be distributed. Lots of devotees eagerly want to have these candies and cookies in hope of getting blessings and peace for three years.

Donglong Temple and Sunlong Temple still keep many ceremonial rituals from Qing Dynasty, and “Jin Biao” (invitation letter submission ritual) is one of them. Both Donglong Temple and Sunlong Temple will set up a shrine and respectfully invite the statue of Cian-Suei-Ye to sit on it. Title of Donglong Temple or Sunlong Temple and a holy dragon pattern were embroidered on the table skirt for the shrine. The ritual is led by a ceremonial officer from Jhen-Wen Hall. The ceremonial master-in-chief and every level of masters will represent all the residents to worship on bended knees and submit the invitation letter, which respectfully invites Cian-Suei-Ye, the Patrol Deity, to dispel plagues and evil spirits for the area. 代天巡狩千歲爺奉旨巡察，臨時駐蹕的行館一般稱為「代天府」，凡舉行迎奉承旨巡狩千歲爺之寺廟必設之，東港及小琉球亦然，當東隆宮或三隆宮開始佈置代天府時，即是平安祭典正式的揭幕，佈置時間為請王的大約前三日。王府佈置現今分內外來進行。

當所有工作結束，代天府之佈置即告完成，正殿及左右廂殿的廟門則用班頭的板凳交叉，就此間難人等不得進入。

【Building Dai-Tian-Fu】 (temporary residence for Cian-Suei-Ye)

Cian-Suei-Ye was honored with the name Daitian Siunshou, or "inspections on behalf of heaven" to patrol around the country. The temporary residence is known as "Dai-tian-fu," constructed exclusively at the temples for welcoming Cian-Suei-Ye. Donggang and Liuqiu are no exception. As soon as Donglong Temple or Sanlong Temple begins to decorate temporary residence, the peace praying ritual is then officially launched. The decoration often starts three days prior to invitation of the Wangye. Currently, the decoration of residence includes inner and outer parts.

When all the work is completed, the decoration of temporary residence is finished. All the gates to the main hall and the chambers on both sides are crossed with bamboo poles to deter the entrance of trespassers.

【Welcoming Ritual】

Welcoming Ritual is also known to the local residents as "Welcoming Water," launching the beginning of peace praying ritual. Cian-Suei-Ye of Daitian Shunshou came to the earth on a boat and returned on a boat. According to the legends passing from the predecessors, a beachside invitation for Cian-Suei-Ye to return to earth should be held. One day prior to the date of Welcoming Ritual, ceremonial master-in-chief and deputy master come to the temple to invite the Wangye's unconsecrated order to be carried on the sedan to the beach at Jhenhai Li, welcoming the arrival of Wangye. All the boats parked at the harbor of Liuqiu all take part in the touring procession, i.e. to tour around the island. Tossing the divine blocks helps choose designated boats to carry head flag, Goddess Guanyin of Biyun Temple, and Sanfu Cian-Suei-Ye of Sanlong Temple. The boats are scheduled to take off around 7 a.m. to 9 a.m.

While the parade is touring around New Street of Donggang and four neighborhoods of Liuqiu, five blocks of fire woods are set off to flame at the courtyard of Donglong Temple and Sanlong Temple, symbolizing five different kinds of fire to ward off pestilence and protect against all calamities. While the ritual is completed, Cian-Suei-Ye is then invited to enshrine in the temple. Taoist master has to turn off the fire gate at the courtyard, retreating the soldiers and horses of five armies. Then the walking across fire ritual comes to an end.

INSPECTION PROCESSION

遶境的目的是藉著神明的神威，消除地方的邪祟、疫疾、使地方能潔淨不受外力干擾，讓百姓過著「四時無災」、「合境平安」的生活。通常東港及小琉球的平安祭典第二天至第五天，都是遶境的活動。大千歲神轎所到之處，各寺廟、住家無不燒金放炮，跪迎大千歲王駕的蒞臨。

另外在小琉球部份則仍保留了百年習俗【遊縣吃縣，遊府吃府】，小琉球在當地會以點心宴請工作人員，並且每戶人家都會在自家的外面擺上飲料、小餅乾或水果等東西供人食用，不可打包。主要用意是要給辛苦的轎班人員解個渴、止個小飢餓。【攏轎喊冤】，王船祭典中王爺公會替人家「辦事情」，也只有小琉球才有，所以就會有許多人攏轎喊冤解惑。

【Inspection Procession】

The procession aims to rely on the power of deities to ward off pestilence, expel plagues, dispel evil spirits, and protect residents against all calamities, creating a catastrophe-free, peaceful, and safe environment for the residents. The inspection procession usually takes place from the second day to the fifth day of the peace praying ritual around Donggang and Liouqiu area. All the temples and residences light up firecrackers, and the residents kowtow in the street welcoming the arrival of Cian-Suei-Ye and begging him for good fortune as the sedan of Cian-Suei-Ye is carried through the neighboring area.

In addition, the centennial tradition of "traveling in the County, eating in the County; visiting the Residence, eating at the residence," is still practiced in Liouqiu area. Desserts are served to the ceremonial staff at Siao Liouciou area. Each residence offers drinks, cookies, and fruits to all passengers, aiming to provide drinks and food to the sedan carriers. Furthermore, since Wangye often prevails justice during the King Boat Ritual, the tradition of "stopping sedan and crying out grievances" is carried out in Liouqiu area.

OFFERING RITUAL

According to each county's historical record in the Qing Dynasty, it was the tradition to hold feasts for worshipping Wangye. Likewise, it has been the tradition in Donggang and Liuqiu. The offering ritual is taken place twice a day starting after Wangye is safely seated at the temple until the sending off Wangye. The offering ritual is led by the ceremonial master-in-chief and other deputy ceremonial master kowtowing to present simple sacrificial offerings to five Cian-Suei-Ye including fruit tea, cakes, and fruits. The offering ritual is accompanied with flair of traditional music and solemn Confucian rituals via which the residents show deep gratitude and piety to pray for blessings from the omnipotent Cian-Suei-Ye.

【The King Boat Ritual】

In order to ward off pestilence and protect against all calamities, Cian-Suei-Ye of Daitian Siunshou is invited to inspect the area for driving away diseases and evil spirits. In addition, we rely on the power and sutra

chanting of Taoist masters to persuade five plague messengers and other plague soldiers to return to the heavenly court with Cian-Suei-Ye with their heavenly ethics. It is hoped that all the efforts of omnipotent Cian-Suei-Ye and the heavenly spirits can help bestow the safety and peace to the residents.

Expelling Plagues and Dispelling Evils

While the boat is stuffed with food and supplies for the deities, the ceremony of expelling plagues and dispelling evils is taken place in the courtyard. Apart from the power of omnipotent Cian-Suei-Ye of Daitian Xunshou, Daoist masters are invited to chant sutra, inviting other deities to ward off pestilence and protect residents against all calamities. If extirpating plague can't resist evils of pestilence, Daoist masters will then perform additional chant to expel evils, relying on mysterious power embedded in rice sifter with eight-trigram symbols, seven-star sword, ox horn, oil wok, straw mate, broom, and counter-civil flag to guard all the evils and plagues on board. Hence, the purpose of holding peace praying ceremony is accomplished.

【如何看祭典】

如何看祭典

How to Enjoy King Boat Ritual?

一、看請水

1、「頭籤」：神人溝通媒介

請水時為確認大千歲是否來臨，是藉由已被神明附身的轎班，手持「頭籤」（抬神轎的轎籤）上請工台書寫大千歲姓氏。

2、「帥旗」：大千歲旗幟

請水當天，在確認大千歲姓氏後，立即填寫在「帥旗」上，爾後書寫著「奉玉旨代天巡狩○王駕」的「帥旗」將一直跟隨在大千歲神轎後。

二、看代天府

1、「榜文」：千歲曉諭，道德教化

在代天府前可發現一張黃紙黑字由內司請示大千歲核可發下的「榜文」，內容為將此次巡狩意義、動機及目的公告百姓週知。共五張，代天府前的「榜文」是「發府曉諭」，其餘四張則公示於東港（琉球）境內四區域。

2、「封條」：諸神免參、風雨免調

過境期間，當巡境隊伍出發後，原本就門禁森嚴的代天府不僅門戶深鎖，且在且上貼著「諸神免參、風雨免調」的封條，意指此時代天巡狩各千歲已開始視事巡查，不在府中。

【How to Enjoy King Boat Ritual?】

I. Look at Welcoming Water

1. The First Paper Tag: communication medium between deity and human beings
In order to assure the arrival of Great Cian-Sui-Ye during the welcoming water ritual, the first paper tag is held by the palanquin crew possessed by deities who hold the first paper tag (known as the palanquin tag) and carefully write down the last name of Great Cian-Sui-Ye.

2. The General's Flag: the flag of Great Cian-Sui-Ye

On the day of the welcoming water ritual, after verifying the last name of Great Cian-Sui-Ye, the last name is then printed on the general's flag along with "the arrival of Cian-Sui-Ye of Daitian Xunshou on the order of heaven." The general flag is always carried after the sacred palanquin of Great Cian-Sui-Ye.

II. Look at Temporary Residence of Daitian Xunshou

1. Annunciation: explicit instructions from Great Cian-Sui-Ye and enlightenment of moral training

In front of the temporary residence of Daitian Xunshou, there is the official annunciation in black prints on yellow paper issued by Great Cian-Sui-Ye, announcing the significance, motivation, and purpose of this patrol tour to all the residents in the neighborhood. There are a total of five annunciations, among which the annunciation in front of the temporary residence is a public notice detailing the explicit instructions from Great Cian-Sui-Ye and the other four are posted at different areas within Donggang Township and Liuciu Township.

2. Seal slip: no visit of all deities, and no coordination of wind and rain

During the procession tour, the secured and tight temporary residence is locked and sealed with slip of "no visit of all deities, and no coordination of wind and rain," implying that all deities from the temporary residence are not on duty and are busy patrolling around the neighborhood.

三、看遶境

1、「涼傘」：為神明遮天熱

於遶境隊伍中，「涼傘」是每個神轎前所必備，而一般持「涼傘」者，至廟前拜廟時掌踩七星步、大小門等步法；每支「涼傘」的裝飾各有不同，有葫蘆、寶塔或飛鳳，而東港七角頭的神轎前「涼傘」數高達七支，是本地才有的殊榮及特色。

2、「神轎」：神明遶境的交通工具

「神轎」是遶境隊伍的主角，分為「文轎」及「武轎」，「文轎」有轎頂，重量較重，屬王爺、千歲、媽祖等文職之神，拜廟時以前後三進三退步伐為主。「武轎」沒有轎頂重量較輕，為關聖帝君或中壇元帥等武將出身神明所乘，轎後常插五方五色旗，拜廟時轎班步伐較富變化。

3、「陣頭」：家將、家司，驅除邪魔

遶境隊伍中最具特色的就是「家將團」，東港家將團以具有本地特色、訓練嚴格及陣法精彩聞名，觀察時可依次由其服飾、頭冠、臉譜、法器、步伐、陣法等方面來觀賞。

四、看王船

1、「三十六省份燈」：

遶船法會後的當晚，於王船兩旁掛起 36 省份燈。主要用意在揭示代天巡狩大千歲巡視的範圍遍佈全中國大江南北，此為東港王船的一大特色。

2、「起碇」：

王船前後共有兩付錨，是用來固定船身的器具，當錨被工作人員拉至船首和船尾上時，即代表王船馬上就要出發，即標王船儀式將正式開始。

3、「偃旗息鼓」：

在王船開始繞的同時，祭典工作人員會廣播要求轎班擰涼傘收起，帽子腰帶解下，尤其不可敲鑼打鼓、大聲喧嘩，以避免船上已被收服的不祥之物會循著人跡而返，而此次的迎王平安祭典，是在「偃旗息鼓」中落幕。

III. Look at the Procession Tour

1. Parasols: to cover evils for the deities

Parasols are seen in front of each Sedan during the procession tour. While worshipping to the temple, martial arts of seven-star steps, big-door steps, and small-door steps are performed with parasols. Each parasol is decorated differently with special design of gourd, pagoda, or flying phoenix. Interestingly, there are seven parasols for the sacred palanquins from the seven gentiles of Donggang Township. This has become a unique and notable characteristic of the festival.

2. Sacred Sedan: deity's vehicle on the procession tour.

Sacred sedans play the main role of procession tour, including palanquins for civil officials and palanquins for military officers. Sedans for civil officials have a roof and weigh more; they are vehicles for deities, such as Wangye, Cian-Sui-Ye, Goddess Motzu, and the like. While worshipping temples, martial arts of three-step forward and three-step backward are performed. Palanquins for military officers don't have a roof and weigh less; they are vehicles for deities, such as Emperor Guanshengdi, General Jiangtan, and other soldiers. These sedans are often decorated with five-color flags. While worshipping temples, steps of martial arts are complicated and versatile.

3. Arrays: the arrays of the eight generals help expel evils

The most notable features of the procession tour are the arrays of eight generals. The arrays of eight generals are renowned for their unique local characteristics, strict training, and splendid array dance. Please pay attention to their costumes, crownpieces, facial make-ups, steps, and array performances while watching them.

IV. Look at the King Boat

1. Lanterns of 36 Provinces

After the releasing boat ceremony, lanterns of 36 provinces are hung on two sides of the King Boat, suggesting that the procession tour of Cian-Sui-Ye of Dailian Xinshou is patrolling all over China. This is a unique feature of King Boat in Donggang.

2. Raising the Anchors

There are two anchors placed in the front and in the back to secure the King Boat. When the anchors are raised to the front and the end of the King Boat, it indicates that the King Boat is ready to float on a wave. The burning ceremony is soon to start.

3. Lowering Flags and Stopping Clamoring

While burning the King Boat, the religious staff will broadcast and ask the palanquin staff to lower the parasol as well as take off hats and belts. Gong sounding and shouting are not allowed so those captured evils on board won't return by tracking clamoring sound of human beings. The peace praying ceremony of welcoming Wangye comes to an end in the midst of lowering flags and stopping clamoring.

【有關祭典的禁忌及注意事項】

《參加的禁忌》

- 不管參與遶境人員或是觀看的民眾，應該服裝整齊，不得穿著拖鞋奇裝異服和說褻瀆神明的話。
- 遶境隊伍行經之處，晾在外頭的內衣褲要收起來。
- 不要站在樓房上看遶境隊伍，尤其是千歲爺經過時在樓上者要迴避。
- 不可從擺陣的陣頭及神轎隊伍中間穿過，且陣頭拜廟時不可站廟門口中央觀望。
- 不可直呼扮演神將人員的姓名。

《燒王船的禁忌》

- 恭送王爺是千歲爺巡狩完畢，要押送邪煞厄運替身離境，所以當夜，王船經過的路線兩旁街坊大多緊閉門戶。
 - 當王船推向海灘，矗起船桅、揚起風帆、鞭炮聲響、開始遊天河時，各陣頭馬上偃旗息鼓，悄悄的快速離開。
- * 禁忌，是對神明的虔敬表現，是約束自身的行為，是尊重別人的態度，雖然沒有述諸文字的約束，但是代代口耳相傳，卻是維繫王船祭典順利進行的無形力量啊！

【Etiquette】Do's and Don'ts

Attending at a festive parade

- Both paraders and onlookers should be neatly dressed. No sandals or bizarre outfit is allowed. Do not speak profanely.
- If your house is on the way of parade, be sure to take away the underwear hung outside the house before the parade arrives.
- Do not look down at parade from above, for example, from a balcony. Avoid standing by the window or on the balcony of the buildings beside the road when Cian-Suo-ye's sedan is passing by.
- Do not walk across a ritual formation or the parade of the deities' sedans. When the formation is having a worshiping ceremony in front of the temple, do not stand at the center of the temple gate.
- Do not call the names of the paraders who act as gods or goddesses in the parade.

Taboos at King Boat burning ceremony

- The see-off ritual is when the deities are taking the evil spirits and bad lucks away from the mundane world. At this night, households along the parade route would close their doors and windows.
- When King Boat is pushed into the sea, mast is erected, sails are raised, and firecrackers go off. As the ship is sailing to the "heavenly river," all clamoring halts and all performers leave the site silently and swiftly.

Ritual etiquettes: respect for deities and display of self-discipline. The etiquettes have been passed down by word of mouth from generation to generation. They are a set of wordless yet powerful guidelines under which the ceremony can go smoothly.
