[Reporter Liu Yuqing/Penghu Report] The turtle begging activity in Penghu West has officially kicked off. Among them, the most "important" battle for the golden turtle king has been fought by the Shanshui God Temple and the Suogang Arctic Temple for a long time. The number of the turtle itself was changed to 415 taels, and this year it was increased to 425 taels. It has completely left behind the 270 taels of gold turtle king in the Arctic Palace in Suogang, establishing its leading position.

Last year, the 415-tael golden turtle with diamonds and gold in the Penghu Shanshui God Temple was worth more than 30 million yuan. It was begged by the original designer of the billion-dollar diamond and gold ornaments, and returned to its birthplace. The Golden Turtle King of the North Pole Palace in Suogang was begged back by Weng Meihui, a native of Suogang. Turtles are very loyal to their habitat and return to their birthplace to lay eggs every three years. The Golden Turtle King during the Penghu Lantern Festival also shows spirituality.

Wei Jinyu, the person in charge of Yida, said that the company has produced 390 taels and 400 taels of golden turtles in 2020, all the way to 415 taels in 2023. Last year, it even sponsored a pair of 1.77-carat diamond eyes, set on the golden turtles. Because the company editor has dreamed of it for the second time in a row. I came to the Golden Turtle, so I decided to participate in the yun-throwing. On the first day, 6 cups appeared, which showed that the Golden Turtle is really spiritual. This year, I wish to return 10 taels, and use gold to create the five characters "Golden Diamonds and Golden Turtles", and express that I will fight for the Golden Turtle to return home this year.

As for last year's winner of 270 taels of golden turtle from the North Pole Palace in Locking Port, Weng Meihui, who is engaged in the B&B industry and runs Guanzhi B&B, has an additional 10 taels in her wish this year. It is also a case in which the Golden Turtle King has returned to his hometown in Hong Kong in recent years. In addition, County Magistrate Chen Guangfu participated in the ribbon-cutting event at the Shanshui God Temple. He happened to meet Xu Jiaying, a pretty police officer from the Guangming Police Station of the Magong Police Division. Taking advantage of the crowds, he went to promote anti-fraud. He seized the chance to meet County Magistrate Chen Guangfu and immediately stepped forward to take a photo. The county magistrate became an anti-fraud ambassador.
