[Reporter Liu Yuqing/Penghu Report] Penghu West Beggar Turtle Series Celebration, the most "spectacular" competition for the Golden Turtle King, after three consecutive days of competition, the winner was announced late at night on the 26th, and 270 taels of the Golden Turtle King were locked in the port. , Lian Hongying from Tainan won with a 5-phase cup; the Shanshui 425-tael Golden Turtle King was won by Manfu Fengbenshi Travel Company and others, with a 6-phase 1 insidious victory.

The Penghu West Beggar Turtle, one of the four major Lantern Festival activities in the country, has become more diversified in recent years, from the early fat-shelled turtles to various special turtles, among which the most "attractive" one is the golden turtle. It also originated from the Shanshui God Temple. Later, it sprang up near the Suogang Arctic Temple, and formed a competition with the Shanshui God Temple for the Golden Turtle King. As the turtle body became larger and larger, its value also increased with the tide. Now it is known as the Shanshui God Temple 425 Tael Golden Spirit. The turtle dominates.

Magong Suogang Arctic Temple 270-tael Golden Turtle King, Lian Hongying from Xinying, Tainan, who runs an energy company, threw 5 Holy Cups on the 25th, leading all the way until the end of the event, the temple announced the winner of Lian Hongying, Lian said next year He will return his wish of at least 10 taels. Since Lian is not a local, according to regulations, he must submit a property of equal value or a time deposit certificate. Lian Hongying said that he will provide a guarantee of more than 20 million yuan in time deposit certificates.

As for the 425-tael Golden Turtle King of the Magong Shanshui Temple, there is fierce competition. Last year's winner, the billion-dollar diamond gold ornament, originally led the way with 6 Xiang 1 Smile. Unexpectedly, Cheng Yaojin came out today. Last year, he lost the gold with 1 Xiang Cup. Ou Xuanwei, a full-fledged member of the Spirit King, made a comeback this year. Together with Green Hotel and Ahua Seafood, they formed a three-person revenge team to defeat last year's winner with 6 phases and 1 yin energy, completing a sweet revenge story. They will join the team next year. The five taels of the wish will be returned, and the Golden Turtle King will be placed on display in the temple. The temple and the winner will each bear a storage fee of 60,000 yuan for one year.
