# Local Yucca

## ★ ★ ★ OPTION TAKEN FOR 90 DAYS

Hi-Desert residents are being asked this week to contribute funds to help keep the Yucca Valley Airport open.

Meeting Sunday night at the Copper Room, Yucca Valley Airport Associates agreed to attempt to raise \$700—the cost of maintaining the airport until July 31.

Present owners of the air strip and facilities have agreed to sell the airport to the group for \$5000. This money also will be raised by public subscription, according to the Associates group.

The local organization has three months in which to raise the purchase price.

In the meantime, a County survey is being conducted to determine if the local airport meets requirements to be taken over by the County.

# Kickoff For Grubstake Days May 19-21

## ★ ★ ★ PARADE ENTRIES

All communities, clubs, individuals, and organizations expecting to participate in the 11th Annual Grubstake Days parade on Saturday, May 19, should forward entries immediately to the Yucca Valley Chamber of Commerce.

## POLIO CLINIC

An added feature to this year's Grubstake Days will be the Polio Clinic conducted and sponsored by the Yucca Valley Woman's Club.

The clinic will be from 10 until 5 p.m. on Saturday, May 20 at Hospital Headquarters in the Plaza east of the midway.

Dr. Anna Zachry will be the presiding doctor.

Polio shots will be \$1 with proceeds going to the Hospital Fund.

## SPRING FESTIVAL

The Morongo Unified School District will present its annual Spring Festival on Wednesday, May 10, at 7:30 p.m. in Hayes Auditorium.

This year's program will include instrumental music by the Junior High and High School Bands, and vocal numbers by the Junior High and High School Choruses.

In addition to the musical offerings, there will be displays of art, arts and crafts, and industrial arts projects by junior high and high school students.

The public is invited to attend this activity. There is no admission charge.

One of the largest crowds ever to jam-pack the Yucca Valley Community Service Club last Friday witnessed a headline show topped by gallant radio and television star, Art Baker. The evening was tremendous from Johnny Arch's singing of "Lazy Yucca Valley Moon" to the crowning of the 1961 Grubstake Queen and "Miss Yucca Valley." The festival-tuned crowd cheered in the aisles.

Highlight of the gala evening, of course, was the crowning of the popular choice beauty, Margie Ewing, as the May 19, 20 and 21 Grubstake Queen and for the year-long illustrious title, "Miss Yucca Valley."

In popular vote, close on the heels of the glistening slippered queen, and who will serve as Princesses to "Miss Yucca Val-

## Rally Planned For Leaguers

It's baseball time again and Little Leaguers are getting in the swing of things.

There will be a Rally for all players, parents, families and friends May 13, 7:30 p.m. in the Yucca Valley School multi-purpose room.

Plans for the rally were announced at the Tri-Valley Little League Board of Director's meeting April 23, according to President Isidor Vannozzi.

ley" were Katie Duarte — who came within four votes of the queen out of the 1332 total cast, Margie Saxin, Cheryl Hammett, and Donna Ketzorke.

All Princesses and the Queen will be fitted with a suitable western wardrobe for the many functions ahead for the year, not only for Grubstake Days, but for appearances in other community celebrations.

Surprise package of the evening was the introduction of celebrities that live in or near Yucca Valley.

Harry Oliver, famed publisher and humorist of the Desert Scrapbook, "only sheet you can read in a strong wind;" Zipp Moore, star of western films and rodeos; the Armitages, Merle and Isabelle, author, past editor of Look, entertainers and personalities with a "believe it or not" background; and the Hi-Desert's own lovable personality, "Cactus Kate," the first Queen of Yucca Valley back in 1948.

June LeMert Paxton, loyal booster for all things good in desert living, also took her bow at the colorful gathering.

### Thanks To All

"There are so many to thank that if I were to try some would be left out," Cora Potts, entertainment and arrangement chairman said Tuesday. "All of you that helped, all of you that came, and all of the wonderful talent — and especially Art Baker, thank you so very, very much for making the Queen's Festival the grand success it was."

Art Baker, busy on his latest motion picture with Elvis Presley, rushed to the queen village from Hollywood for his appearance and then back again to the

1961-62 fiscal year is \$32,802, same as last year.

Budget includes a year 'round recreation director; incident salaries for upkeep; maintenance, and operation of the district; and funds for operation staff including custodian, secretary, two caretakers, assistant director, and extra help when needed.

Top salary is \$4800 yearly for recreational director. Average yearly wage scale for other employees necessary for operation is \$912.40.

Park board is composed of Arthur Chase, chairman; Robert Schoenleber, Al Fisher, Bill Roush, Gladys Stiff, and John Marsh.

## Ill Health Forces Haskell Resignation

Under doctors orders, John Haskell, president and chairman of the Hi-Desert Memorial Hospital, Inc. board of directors Monday night reportedly tendered his resignation as chairman of the board.

According to the announcement it is expected that Mr. Haskell will enter the UCLA Medical Clinic later this week for medical checkup and further observation.

In a released statement, Haskell said that he expects to continue working for the hospital and, for the present remain on the board, it was said.

E. R. "Bill" Williams, pioneer realtor and resident of the Hi-Desert, and acting vice president of the hospital board, will preside temporarily as chairman of the board.

## \$589 Added To Cancer Fund

Yucca Valley residents contributed \$589.89 to the recent campaign of the American National Red Cross, according to the figures announced this week by Major William Fellner, chairman of the Twentynine Palms Branch of the San Bernardino Chapter, ARC, and by James Quillman, fund campaign chairman.

In other communities, Joshua Tree contributed \$294.95; Twentynine Palms Marine Corps Base \$2,274.50; and Twentynine Palms \$327.64.

The total amount collected in the Morongo Basin was \$4,063.78.

**NEW COMERS**—Owner, Donna M. Dickey, and manager, W. R. Black, of the new Western Auto Store will be on hand to greet all queen village residents and visitors during the gala three-day grand opening of the new firm today, Friday and Saturday, May 4, 5 and 6. Hours are from 8:30 a.m. until 9 p.m. Many valuable door prizes are in the offing. (Jerry Moore Photo).

## TURTLE RACES READY FOR TWO-DAY EVENT

Leading off with a parade through town, the sixteenth annual Joshua Tree Turtle Races will get underway Saturday at 11 a.m.

The Marine Base band, floats, equestrians will welcome participants and spectators to the world-renown celebration.

The turtle races will start at 1 p.m. at the Sportsman's Hall grounds. Races will continue throughout the day and again on Sunday.

Charlotte Kissinger will be crowned Queen at the Coronation Ball, in Sportsman's Hall on Saturday at 8 p.m.

Gene Albrecht, chairman of the festivities, announced there is a shortage of turtles this year. Lack of rain, cold weather, and visitors carting the turtles off to the city were given as reasons.

### Special Feature

A special feature of this year's event will be a gold mining process set up by Bill Keyes. The

stamp mill will take the raw ore and various processes will be used until the finished product is shown. This display will go on for both days of the celebration.

## Summer Classes Scheduled Here

Fifteen elementary school summer classes will be held in the Morongo Unified School District during the coming season. It was announced at Monday night's meeting of the board of education at the Oasis School in Twentynine Palms.

Three of these classes will be held in the Yucca Valley School and 12 in the Oasis School. Classes will be held from July 17 to Aug. 23.

Classes are open to all students for remedial or advanced work. Students, however, must have completed the first grade, according to John B. Brinegar superintendent.

## CHICKEN DINNER

To aid in the building of a new club house, the Homestead Valley Woman's Club is holding a chicken dinner at De Fever Hall in Landers beginning at 5 p.m.

Moving in with an early summer selection of gala bargains, this morning (Thursday) at 8:30 and continuing through Friday and Saturday, May 5 and 6, the queen village previews its newest business to adorn the main stem, Donna M. Dickey's Western Auto Store at 55814 Twentynine Palms Highway.

With store hours from 8:30 until 9 p.m. during the three-day grand opening, highlighting the many attractions and surprises will be three door prizes — two premium tires, a bicycle, and a choice of small appliance.

To be eligible to win, participant may sign the entry form at no cost during the three-day opening. And when the 1961 Grubstake Queen and "Miss Yuc-

ca Valley," Margie Ewing draws the lucky coupons Saturday afternoon at 5:30, registrant need not be present to win.

## Panorama Heights Chatter Platter

By LILLIAN NEISHAM

Kathy and Harold Mitchell of Coronado Del Mar visited with Clyde Roland and Richard Hall for three days the past week. Mr. Mitchell is a former studio musician-at Paramount, MGM and other motion picture studios.

There are probably many active and retired musicians who live up here in the high desert, or who visit up here who has worked with Mr. Mitchell, or who knows him. He is author of a new book, "Mitchell on Trumpet" which is used by his trumpet pupils. He also visited Mildred Ilich whose former husband was a well known piano player and a friend of many in the high desert. Charley Ilich and Harold Mitchell were former school mates, and has remained friends over the

years.

Dorothy Wayment was a Friday afternoon visitor at Grace Holeman home in Twentynine Palms.

Miss Elaine Kessinger was a Saturday evening guest of Kathryn and Vicki Wayments.

I understand our Community Club president was bowling Sunday with the Lions Club of Yucca Valley, who hosted the Monterey Park Lions Club at Pioneertown Bowl. This is an annual spring event with one match in Monterey Park and one match in HI-Desert.

On Saturday afternoon a birthday party was given for Kathryn Wayment at her home. She received many nice gifts from her friends. Those attending were: Darlene and Davis Scoggins, Elaine Kessinger, Harry and Arnell Shaw, David and Susan Ramauer, Michell Parks, Jo Satterwhite, Kathy and Deborah Corbell all of Panorama Heights, Susan Shipp, Peter Reil, Cy Moore, Phyllis Spear of Joshua Tree, and Shorty Roy of Yucca Valley.

Birthday cake, fruit punch and ice cream was served by Mrs. Wayment, assisted by Arnell Shaw. Dancing, games and balloons were enjoyed by all of those attending.

Mr. and Mrs. R. W. Rupp of Big Bear Lake visited with Mrs. Rupp's parents, Mr. and Mrs. M. L. Williams of the Hubba Hubba Rancho Sunday. The occasion was Mr. William's 80th birthday. They left for Phoenix that evening.

AT LAST . . . Panorama Heights can boast of telephones, one in almost every home. They were installed this past week. We feel like we belong to the out side world now. Next is our TV cable.

Mr. and Mrs. G. M. Wyatt have received news from their home town of Medford Oregon that President Kennedy has appointed a nephew of theirs to be U.S.

## JACK BEAVER'S CAPITAL REPORT

Reapportionment. For some weeks I have been wanting to write a piece on the progress of the reapportionment bill. Unfortunately, there has been so little available information that even the experts don't talk to each other for fear of "leaks."

The blackout lifted just enough during the opening days of the fight over the Speakership reported last week to now give us some idea as to the future alignment in our own San Bernardino County.

A little history is in order right here. Every 10 years all legislative districts (Assembly, Senate and U. S. Congressional) in California are reapportioned in accordance with the new population figures released by the Bureau of the Census. Theoretically, the official U. S. Census provides the working facts necessary to realign the physical boundaries of these districts in order to balance our growing population within equal areas of proportional representation. The theory stops abruptly here.

Our Constitution provides further that the Legislature shall draw the new boundaries and present a bill for adoption to protect our representative form of government. This is the bill now resting "under wraps" in the Assembly Elections and Reapportionment Committee. It should reach the public hearing phase within a few weeks. At that time the long-suffering electorate and many members of the Legislature will have a first preview of California's proposed internal political alignment to be fixed for the next 10 years.

Why the secrecy? Why the intrigue?

Those who control the destiny of this bill have the full power to protect the party in power and eliminate the minority party members by the simple device of eliminating a given district and attaching it to a part of a district which would swing the total registration in the area in favor of the majority party.

Los Angeles County is destined to lose two and probably three

Republican incumbents as a result of this kind of action, and San Francisco is a cinch to lose two Republican incumbents.

The story in San Francisco is perhaps not really typical since they are doomed to lose two districts simply because they do not have the population growth to hang on to their present numerical strength in the lower house. Population explosions in other parts of California have taken seats away.

San Bernardino County. Coming close to home, this is the picture. We are really entitled to another Assembly district, and if enough demand were made for it by local political organizations, I am convinced we could have such an added district. But no such strong representations have been made except for the early efforts of the Democratic County Central Committee.

The final authority on this subject falls to the Democratic Assemblyman from the County's west end. I suspect he feels any additional district would have to be carved out of some very substantially Democratic registered areas of his present district. This would cost him nominal support. And any areas carved out of my Assembly district would most likely reduce the proportion of Democratic registrations in the district.

This is their problem, and this is the reason why I am now convinced that there will be little, if any, change in the reapportionment act which will alter the present district boundaries in the whole of San Bernardino County. We simply will forfeit the chance to have a third Assemblyman in Sacramento during the next 10 years, and this is one time a Republican has absolutely nothing to say about it.

There is no controversy over Senate reapportionment any more than there is in respect to Congressional redistricting. I look for no change whatever there. When the bill finally reaches the light of day, I shall make a detailed report.

# PIONEERTOWN Hospital Booth Aided By Park Representative

By HONEY FELLERS

I am so sorry to have "batted a miss" on last week's news. Fact is, I collapsed. Kind friends rushed in, put me to bed,—and wouldn't let me up. Grateful to all for their 'aids'. I especially want to mention: THANKS to Rosalie and John McLain, who tried to get me into their car and haul me to a hospital. And THANKS to little Peewee Toal, standing in the doorway shouting, "Over my dead body! You can't take her to the hospital unless I have first notified her sister." THANKS to Gladys McClintock,—who, though I'd forbade it, DID call my sister . . . THANKS to Carol Evans for rushing in with pillows and instructing: "Raise her feet, — no, — put her head up, — and her feet down, — no I guess it's the other way 'round, her feet up and her head, — well, — anyway, I KNOW one end should be UP." THANKS to Rosalie for yelling: "Quick, Doctor, give her a sedative." And THANKS to the doctor who said, "Sedative? — you girls need it more than she does." And, — THANKS to Earlene Tamasi who calmly drove to Yucca and came back with a nice hot turkey dinner, explaining, "If he's going to die, she just as well do it on a full stomach." All we needed was a movie camera. Our fortunes would be made. And now, though I'm not exactly "Up And At 'Em" I'm at least p. So I'll get to work.

The weekend of the 22nd., we hosted two very happy and lively groups. One, the Norco Saddle Club, with an Encampment and Trail Rides with president, Don Young and Trail Boss Muriel Lee, with his trick horse, "Brownie" — performing to the delight of onlookers, especially children, who were enchanted, for Brownie is a big star, with many ribbons and trophies to his credit.

The second group; a fine representation from Orange county brought to the Village by Jole Tunstall; the Guns N Garters, the Stompers, Twilight Twirlers and Hi-D-Hos' all bowed, sashayed and alaman-left till the wee na' hours at the old Grubstake cafe. Its to be a regular monthly affair.

The Park and Recreation Department was represented in the Hi-Desert Memorial Hospital booth at the Orange Show, April 30, in San Bernardino.

After Joan Jackson finished her stint at the booth she toured the Show grounds. The highlight of the exhibit was the opportunity to contact by "ham" wireless, the Park's special World-Wide Club Penpal, Miss Heldi-Marie Walde of Berlin, Germany.

The Club is now trying to find out how to sponsor Miss Walde to bring her to America. This is the goal the group elected for themselves.

Miss Jackson picked up many ideas for a Park and Recreation Department booth for the coming San Bernardino County Fair at Victorville next October.

# MEDITATIONS

A Weekly Feature

Presented by the

Morongo Basin Ministerial Assn.

By REV. DANIEL E. ROSS, Associate Pastor Evangelical Free Church Yucca Valley

I'm sure everyone of us wants to be a better Christian, and we can and will be if we are willing to put the things of Christ first and our own personal desires last.

Faithfulness is a practical outer expression of our inner faith. Regular church attendance does more to convince the people around us of the reality of our inner faith than just about anything else we can do. One of the best gauges for the depth of a person's Christian experience or spiritual hunger is their faithfulness in church attendance. God said that "Moses . . . is FAITHFUL IN ALL my house" (Numbers 12:7). Can He say that of you? A virtue which goes to make up the fruit of the Spirit is "faithfulness" (Gal. 5:22 Lit. Tr.) How much spiritual fruit do you possess? The person who is unfaithful and cannot be counted on in time of need weakens the church and retards spiritual progress. As Solomon put it, "Confidence in an unfaithful man in time of trouble is like a broken tooth, and a foot out of joint" (Proverbs 25:19).

In the Bible, The Revelation of John pictures the true people of

God as an eternally victorious people standing with Christ Jesus who is called the "Lord of lords, and the King of kings; and they that are with Him are called, and chosen, and faithful" (Rev. 17:14).

So let's put spiritual things first and other activities and amusements second. Let's be FAITHFUL NOW and be assured of a place of honor with Christ Jesus in the future.

## Dizzy Twisters Slate Full Evening Of Fun

It's a coming-in and a going-away party tomorrow at 7 p.m. at the Community Hall in Yucca Valley.

A potluck dinner will start the evening with dancing beginning at 8 p.m. The graduating class in Square Dancing will be taken into the Dizzy Twisters Square Dance club.

Three couples will be bid a fond good-bye as they take off for far away places. The Mac McAllisters (one of the original Dizzy Twisters couples), the Andy Andersons (Vice-President of the club), and the Dick Dulaney (Travel Chairman) will all be transferred by the Marine Corps.

The May 5th dance will begin a summer dancing every Friday night until the last of September. Co-sponsors of the Friday Night Dances will be the Circle O's of Palm Springs. Osa Matthew will call at intervals during the summer.

The Dizzy Twisters' own Doc White, who has just returned from a guest appearance in Las Vegas at the Tri-State Convention, will give the club his usual brand of Hoe Down direction.

## DESERT FUN THROUGH MAY TO LURE MANY VISITORS

It must be Spring that's the cause, but the May calendar of events released by the All-Year Club today is drenched with color and whimsy.

There will be turtle races and a 4-mile donkey derby for women as well as men. An underwater treasure hunt for skin-divers. A parade of 75 bands, another of lighted boats, a third parade that goes in a circle. Plus a bear festival with bear-burgers, a hen derby, and a Hollywood celebrities art show.

Such entertaining events as these are used by the All-Year Club in its campaigns to attract out-of-state vacationists who spent over \$715 million here last year.

### Turtle Races

Big land turtles are gathered in from the desert surrounding Joshua Tree and raced in the Grand National Turtle Races May 6-7. First one out of a 70-foot circle wins \$8, second \$4, third \$2. For 50c anyone can rent a racer. They race from noon until late night.

The donkey races are also on the desert, from Yermo to the old silver town of Calico, now being restored by Walter Knott. They're part of Calico Days May 11 to 14.

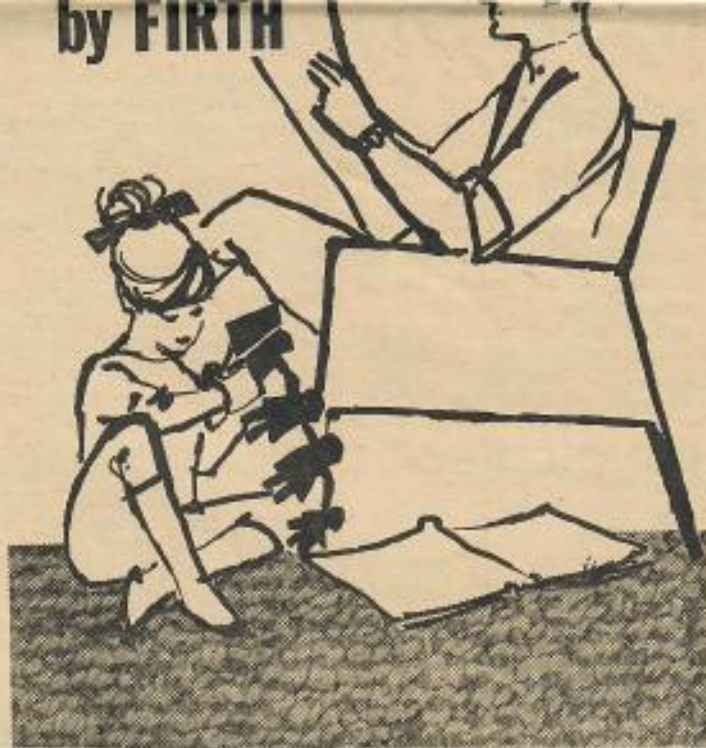

### Bearburgers, Too

Idyllwild's Bear Festival May 5 to 7 will climax Sunday with a Mile-Hi parade and feast of—barbecued bear and elk, bear-burgers and buffaloburgers, bear and elk steaks and "bear paw soup." The woman sawing through a log fastest becomes Pauline Bunyan.

What is billed as the "World's Only Hen Derby," with citizens backing hens to lay the most eggs in 35 days, is underway at Fontana, to climax during Fontana Days May 25 to 28, along with a parade and fast draw contest.

Yucca Valley celebrates Grub-stake Days May 19 through 21, harking back to the miners who used to roam the area. The Colorado River Indian Tribes band will be one of the five bands in the Saturday May 20 parade.

## Brothers Quartet To Sing Saturday

Cialborne Brothers Quartet will appear at the Youth for Christ meeting, Saturday, 7:30 p.m. at the Yucca Valley Elementary School.

The group has had several appearances in the Morongo Basin

in connection with churches and civic clubs.

They will also be appearing at the morning worship on Sunday at the Protestant Chapel on the Twentynine Palms Marine Base.

## Nominations

(Continued From Page 1)

Brown, retiring president, urged for a "mass turnout."

The important function will be held in the multipurpose room of the Yucca Valley school at 8 p.m.

Term of office has expired for four members of the board. Harold Brown, Luther Colvin, Art Katje, and Spencer Hamilton, the latter director vacancy since Hamilton moved from the village.

Members with another year to run on the board are Don Boyer, Ted Morton, Ed Whiter, Neil Groom, and Barry Hanawalt.

Anyone wishing to contribute to the upkeep fund or to the outright purchase of the airport should contact Bill Claus, Jules Boldizar, or any member of Airport Associates.

The Airport Corporation which currently owns the facility previously indicated the strip would be closed in the near future from lack of operating funds.

Pilots, subdividers and others interested in keeping the strip open, have started the fund drive, not only to purchase the strip but to keep it operating until the

## PLANE PASSENGER SAVED BY SHERIFF'S RANGERS

Mouth to mouth resuscitation played an important role in the rescue of Donald W. Nichols, the critically injured passenger of the light plane which crashed Sunday on a slope several miles east of the Sheep Hole Mountains.

According to Lt. Laurence Pressnell, commander of the Twentynine Palms Sheriff's Substation, the Sheriff's Rangers had just concluded a successful and uneventful search and rescue practice which began Saturday night, when the accident occurred at approximately 9 a.m. Sunday.

The plane was piloted by G. Sgt. Thomas Watkins of the Twentynine Palms Marine Corps Base. Watkins was owner of the plane and had offered its services in the practice search and rescue. Nichols was a member of the Rangers.

The plane was just about to return to the dry lake just east of the Sheep Holes when the plane appeared to cut a corner too sharply and too slowly and plummeted to the ground.

Nichols was reported not to be breathing when first pulled from the plane by two rangers, Dr. Walter Crowl applied mouth to

mouth respiration, while the second ranger drove to the camp for help. Dr. William a member of the rangers, was the camp.

Dr. Thomas Krizek of the Marine Corps Base was driven to the scene by Deputy Roy M. A helicopter was obtained from El Toro. The helicopter, piloted by Captain Richard E. Skiff, carried the two injured men back to Twentynine Palms.

Watkins, who sustained a broken ankle and was in shock, was taken to the Marine Base hospital. Nichols was first taken to Ince Memorial Hospital, where it was determined that he had broken pelvic bone, lacerated possible internal injuries and serious head injuries. He was taken by ambulance Sunday afternoon to St. Bernardine's in Bernardino.

Lt. Pressnell headed the investigation. Flying out from Bernardino were Inspector Ker Dyal and Detective Hal Nett from the sheriff's office. With them were two FAA inspectors.

The plane was reported as completely demolished.

## Notes From Quail Corners

Why are certain birds so much more exciting than others?

Usually there is some special association with the birds; but with the Western Tanager it must be because he is so unusual, in fact so surprising. He looks at first glance as if he must be one of the different orioles found in California — there is the flash of yellow and black, but, no, he could never be an oriole—he is a RED HEAD! So, naturally he belongs to the tanager family. Watch for him—"you'll be glad to get acquainted."

Have you installed one of those humming bird feeders yet? Two different local stores have promised to have them on sale, so be on the lookout. You'll miss a lot of fun if you don't have one, or even two. And be sure to place one so that you can see the birds feeding from your kitchen window.

Right now, I have just looked out to see three different kinds

## Library Open For Summer Recreation

With the advent of summer weather many parents thought are turning to their children what they can do for recreation.

The Library will do it's part with a regular Storyhour every Wednesday at 12:30 p.m. and Summer Reading Program for children of all ages. The Library will be open every Thursday evening so that youngsters can play in the Park while their parents are enjoying the Library facilities.

In addition, Library officials have listed the following books which are on the shelf to aid summer recreation past-times: "Fun In The Backyard," "Swimming and Swimming Stories," "School for Young Riders," "Tommy Bartlett Guide to Water Skiing," "Sitting Ducks and"

Other free surprise packages will consist of balloons for the kiddies, sewing kits for "mom," and a key case for "dad," according to the management.

Making the new store possible in Yucca Valley is Donna M. Dickey, owner, and recently of San Francisco. Assisting the owner and acting manager is W. R.

Black, formerly of Oceanside where he has been associated with a Western Auto store for four years.

Western Auto Stores are independently owned but associated with a national name outlet supplying needs for the family automobile, appliances, television, radios and specialties for home and patio.

After the three day grand opening, regular store hours will be week days from 8:30 until 5:30. On Friday the store will remain open until 9 p.m.

"Come in and visit with us," Donna Dickey said. "We do want to have the opportunity to not only meet residents and visitors in the Hi-Desert, but to tell you in person that when you buy at Western Auto satisfaction is guaranteed or your money back."

## Poppy Day

(Continued From Page 1)

Camilla Hudson said the annual observance is held to honor the more than 500,000 Americans who were wounded in both World Wars and the Korean conflict.

"Memorial poppies, made by disabled veterans of this country's past three wars, will be worn both as a memorial to our war dead, and as a tribute to the disabled," Mrs. Hudson said. She added the red paper poppies supplied in this area were made at

to keep it operating until July 31 when ownership is expected to change hands.

Numerous applications have been received from A and E mechanics who have shown interest in the airport. A committee has been set up to screen requests. A concession is expected to be announced soon.

The mechanic would service planes, do repair work and keep the field in shape.

Airport Associates also has been discussing various ways to improve field safety conditions.

of orioles, and at least two of their mates: The Scott's had chased off the male Bullock's (he is usually the bully and greedy!) and the hooded oriole was chirping above. What a glorious sight! Who minds washing dishes or cooking with such a treat as this vision outside the window?

One bird lover across the Valley from Quail Corners said when she first came to the desert she missed the birds so much; now, after generous and conscientious feeding, and watering, she reports many varieties, and a very friendly relationship with her bird neighbors.

Rumor has it that the Cooper-smiths on Samel Drive have received a gift of large pigeons. Maury has just completed a wire cage for them (and a bird house) . . . about eight feet up, on top of an outbuilding. Maury is chairman of the Palm Wells C. of C. Board of Directors — does this concern for pigeons mean there is to be a new method of communication, and that reports of committees must be returned by pigeon express?

All this "bird talk" leads right up to a quotation given by a distinguished heart specialist who was addressing a meeting of social workers this past week.

He quoted the famous Dr. Osler of Johns Hopkins Hospital as saying "Get a chronic disease and then take care of yourself," implying that then you would outlive most of your heartier friends. How many of you have retired to the desert to regain your health, and have perhaps heard your physician say to you, not once, but patiently many times: "Learn to live within your limitations." More of this later.

NEWS NOTES. Mrs. Katie Heiman, Mrs. Shirley Ace of Downey, and Mr. and Mrs. Harold Livingstone of Pasadena were guests at the Richard Winn home in Little Morongo Heights.

A new Barracks and Auxiliary, No. 2468, the Veterans of World War I were installed and instituted at Highland, Calif., Sunday, April 16th, at 1:30 p.m. at the American Legion Hall. Seventeenth Area president of Morongo Valley, 1222, Syd Winn, organized the Auxiliary and installed them. Lelia Ramsey, 6th District president of Victorville did the instituting of the Auxiliary. Dave Ramsey and Gus Verderbor did the instituting and installing of the Barracks. A large crowd from the whole 6th district were present—a lovely luncheon was served by Auxiliary 2468. The 17th Area held their meetings at Yucca Valley, April 30th, ladies at the Legion Hall; men at the Elementary School; for the election of officers for the new year.

Anna Kriegseisen of Ann's Way had as visitors for two weeks Mr. and Mrs. Walter Huhn of San Jose; they took many delightful trips, enjoying the gorgeous floral displays of Southern California in Spring array.

## Services Held For Joseph M. Marsh

Graveside services at the St. Jelle Veteran's Cemetery were conducted Monday for Joseph Marsh, who died April 26 at Long Beach V.A. Hospital.

Mr. Marsh resided in Riverside and in Yucca Valley. He was born July 22, 1893 in Joplin, Mo. and has been a resident of California for 18 years.

He is survived by his wife Marjory S. Marsh; a daughter, Mrs. Barbara Healey of Whittier; two sons, Thomas J. of Whittier and James P. of San Francisco; two brothers, J. L. Marsh and Edwin Marsh of Chicago, Ill.

Rosary was recited Saturday at Mottells and Peck Chapel, Long Beach.

## FLYING TIGERS SEEK SPONSOR

Another interesting meeting of the Flying Tigers was enjoyed by club members.

Contest time is getting near. Members who would like to sponsor up before April 29.

Later it was asked who would still like to have building charges. They will be given free charge.

Robert Burns said as of June he is resigning as sponsor of Flying Tigers. If club members would still like a model club they will have to find a sponsor. Anyone interested should contact Robert Burns.

## ROYALS ANNOUNCE DAUGHTER'S ARRIVAL

Mr. and Mrs. Phil Royal, Shawnee Tr., Yucca Valley, are announcing the arrival of their newly adopted daughter, Beulah Lynn, who arrived last week at the age of seven days.

Mrs. Alice Kinsley had guests at her home in Palm Wells, Mrs. Becky Huber and Mrs. Zora Schumway. They hope to come back often.

People attending church at Community Baptist Church, Morongo Valley are delighted to know Mr. and Mrs. Albertyn are conducting morning and evening services here each Sunday through May.

said Poppy Day has one basic purpose: to provide a personal means of honoring the nation's dead. Volunteer workers from the auxiliary and other groups have donated their time to hold this annual program.

The American Legion auxiliary Unit 469 stresses the fact that all funds from the Poppy drive are used for the aid of distressed veterans and their families.

All veterans organizations are requested by Department to offer poppies on May 28 and 27 only. This gives each organization an equal opportunity to replenish rehabilitation funds.

## Drugs Topic Of Rotary Guest

**PHIL BORDEN**

Nearly 5,000,000 lives have been saved in America during the past 30 years as a result of a medical revolution which has increased the life span by 10 years, Phil Borden, local representative of Smith Kline & French Laboratories, Philadelphia pharmaceutical firm, said here recently.

Borden addressed Yucca Valley Rotary Club members meeting at Callahan's.

Citing the role of the pharmaceutical industry in these achievements, Borden pointed to the sulfa drugs, penicillin, terramycin and tranquilizers as signs of medical progress during the past 20 years.

"The beginning of a dramatic new era in the treatment of mental illness" began with the introduction of tranquilizers such as SK&F's "Thorazine," Borden said.

The compound used in that tranquilizer, chlorpromazine, was discovered in France and initially used in surgery, he said. SK&F purchased the rights to the compound and supported an intensive two-year research program before introducing it to physicians in America.

The research, he said, was needed to establish the properties of the drug and "to convince ourselves and the medical profession of its areas of usefulness." The widespread use of tranquilizing drugs has been credited "as a vital factor in turning the tide against mental illness."

Before the tranquilizers, half the hospital beds in America were occupied by mental pa-

year the pharmaceutical industry spent \$200,000,000 to make such advances possible, Borden said. In 1960, Smith Kline & French is spending \$13,500,000 in its search for new health products.

Because of rapid research advances, "the life of a new drug today has been estimated to be only from two to five years," he said. Nine of every 10 prescriptions written today are for drugs that simply did not exist 20 years ago.

To assure that the patient gets "just what the doctor ordered," exhaustive testing and quality control during manufacturing processes are required on each compound. A single anti-ulcer medication is checked at SK&F 1170 times to assure its purity.

"Such safeguards are one reason why the vast majority of physicians prefer to prescribe brand name products from reputable firms," he said.

According to Department of Commerce studies, the average American spent a total of \$11.23 for prescriptions in 1959. Department studies show that drug prices have gone up about half as much as the increase of other items, Borden said.

A survey by "American Druggist" magazine indicates the average prescription cost is now \$3.14, he said.

"By helping you to get back on your feet in a hurry," prescription costs actually can "reduce the cost of illness," Borden said.

To the charge that drug manufacturer's profits are too high, Borden replied, "If Smith Kline & French were to wipe out altogether its profits on an average SK&F prescription, it would result in a saving to the patient of only a half-cent a tablet.

Following Borden's interesting talk, Jim Riggs was formally initiated into Yucca Valley Rotary Club.

There were three winners in each of three divisions with the winners competing for the trophy.

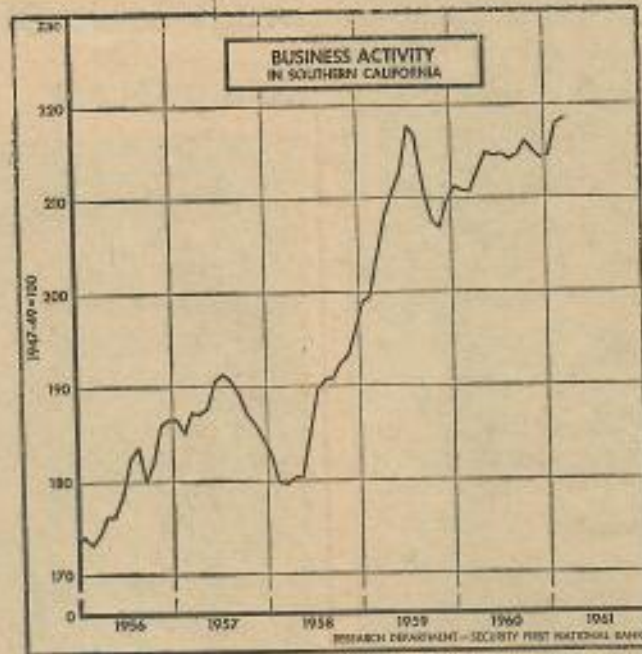

In the Tots Division, first place went to Mara Tunstall, second to Peggy Hardesty and third to Barbara Cummins.

In the Junior Group, winners were: Sherri Greathouse, first; Jeannie Hardesty, second; and Harry Harper, third.

For the Seniors, prizes went to: Margaret Green, first; Pat Marble, second; and Doug McKenna, third.

Winner of the grand prize trophy was Margaret Green.

Members of the Park and Recreation Department expressed appreciation for the help and cooperation of the Sheriff's Department and the Lions Club.

## County Employment Trend, Matches SC Business High

Business activity in our local economy showed divergent trends during March. Total employment inched upwards to a new record while construction activity lagged behind last year.

A summary of business conditions in the metropolitan area comprising San Bernardino and Riverside Counties was compiled by the research department of Security First National Bank and released today by Ken Tornborg, manager of the Yucca Valley branch of the bank.

**All Time High**

The bank's index of business activity in Southern California edged upward to reach a new all-time high during March. The increase shown for both February and March is a heartening development and suggests that the current business adjustment may have passed its low point in Southern California.

In the San Bernardino-River-

side area, there is usually a small seasonal gain in employment during the month of March. However the latest employment figures show an increase somewhat larger than normal which pushed the area's total employment to a new all-time high, after adjustment, for seasonal changes.

Despite the record level of March employment, unemployment edged slightly upwards during the month as the number of people entering the labor force exceeded the expanding number of jobs. Seasonal factors considered, unemployment in the two county area reached its recession peak of 7.9% last November. There was definite improvement in December and January and virtually no change in February. Although increasing slightly in March, unemployment remained below the November peak.

**POSTER CONTEST KICK-OFF** — First Lieutenant George E. Mitchell, publicity chairman for the Navy Relief Fund drive at Marine Corps Base, Twentynine Palms, presents poster material to Mrs. Katherine Rollins, art director of the Twentynine Palms Junior High School to officially open the Third Annual Poster Contest for students of the Morongo Unified School District in conjunction with the annual Navy Relief Fund. Looking on are Donn Wallace (center) curriculum director for the school district and Don Malone, art director for the Twentynine Palms High School. (MCB Photo).

## Student Competition Set For Navy Relief Poster Contest

The Navy Relief Society at the Marine Corps Base, Twentynine Palms, in conjunction with their annual Navy Relief Fund Raising Campaign, kicked-off the third annual Navy Relief Poster Contest for students in grades seven through 12 of the Morongo Unified School District today.

After the official opening today the students will have until May 26 to prepare their posters for the final submission deadline.

The posters will be judged on neatness, eye appeal and originality of thought, by a board of officials whose names will be announced at a later date.

As in all previous contests students, whose posters in the opinion of the judges are selected as the best in their class, will receive appropriate awards. The

contest will be staged on two levels, the high school and the junior high school levels. Last year's winners received such items as complete flash camera outfits, wrist watches, shirts and sweaters and other worthy items, awarded to winners in both levels of the contest.

Materials for the contest will again be supplied by the Navy Relief Committee through the Base Informational Services Officer.

The theme for posters will be "Desert Carnival" which is the theme for the annual Navy Relief Carnival held each year at the Base to climax the annual fund raising campaign. The Carnival is open to the public and is slated for June 15, 16 and 17 on the lower parade field.

The Carnival is one of the more prominent events in the Hi-Desert area during the year and is open to the public with free parking and free admission for all. The many rides and games promise a fun packed time for all.

## Guided Hike In Monument Set Saturday

A short, guided hike into Hidden Valley, at one time supposedly used by cattle rustlers, will be taken Saturday, 2 p.m.

The hike is part of the National Park Service, Joshua Tree National Monument's schedule of events.

Those planning to take the walk should meet at the trail entrance to Hidden Valley across from the campground. History of the area will be covered as well as the geology and important plants.

On Sunday, May 7 at 9:30 a.m., the Park Service announced there will be a history walk through Rattlesnake Canyon-Indian Cove. Hiking shoes are recommended for those meeting at Site Three, Indian Cove Organizational Campground.

A short walk through the Joshua Tree forest to the tallest specimen in Queen Valley is scheduled Saturday, May 13, at 2 p.m.

## Lake Arrowhead Gets New Stock

Lake Arrowhead early this week was restocked with 100,000 kokanee salmon fry from the Department of Fish and Game's San Joaquin hatchery near Fresno.

To complete Arrowhead's annual kokanee allotment, and additional 100,000 kokanee fry from the DFG's Mt. Whitney hatchery are slated to go into the lake with two weeks.

Nine tons of shoal grass from Laguna Madre on the gulf coast of Texas were transplanted into Salton Sea last weekend.

The grass, which tends to mat or the bottom and does not interfere with boating or swimming, is excellent waterfowl food and creates good habitat for fish and the small organisms fish eat.

On April 5th, when Dr. Chris of Joshua Tree re-set her new axle he advised me to have that electric shift, called (ferlec) fixed as that jumping would cause her to break another axle or two. Monday, April 24th, we headed for LeMans Motors Inc. of San Bernardino. They are supposed to be specialists on foreign cars. Dr. Art of Landers kindly consented to drive her in and attend the conference of experts to learn what made Fifi jump. We tried to explain to those famous doctors how this electric shift had always gave us trouble.

Just one peek under Fifi's little hood and that specialist could see right away that what she needed was a good tune up, which he would do for \$12. Two hours and \$24.85 later he announced she should be plenty peppy with all those new parts he had put in. I'll say she not only had pep and power she jumped twice as far as she did before. After the jumping demonstration he and his assistant made some adjustments on the electric shift then she just purred like a kitten. This Dr. was not only an expert but he was a kind man. He told me he wouldn't charge me a cent for tightening that one screw and loosening the other. Now I ask you, wasn't that sweet of him? I was sure glad that I had Dr. Art along to get my typewriter out of the repair shop. It cost me \$5.85 cents to get it repaired and I lacked \$5.82 cents of hav-

ing enough after paying for Fifi's operation.

Two days later Fifi seems to be nervous and jumpy again. Think I'll have to see if there is some kind of tranquilizer pills that will help her.

The Homestead Valley Woman's Club wants to correct the (FACTS) as published in the L.H.V. News Letter. "The Woman's Club building is approximately 24 by 48."

Now here are the FACTS, as they are recorded in the minutes of the special meeting which was held several weeks ago. At this meeting it was voted to make the building 1500 square feet. (30 by 50).

They did make one statement in that letter that was correct: "Please remember our building is not the one the Woman's Club is now working on."

Here is another quote from the letter that is only half true, "So keep in mind-there are two building projects underway." So far there is only one project underway, The Woman's Club. The other one is a dream in the minds of some of the members. The women are also members of the H.V.C.

The Woman's Club owns the building site free and clear, thanks to Newlin and Vernetta Landers. Danny Dekarovich donated \$200 worth of machine and labor time for leveling the land. THANK YOU DANNY. Newlin and Vernetta paid the balance of \$920 and Newlin still has Harold Halk helping him grade and pack down the building site.

## Mission Society To Hear Congo Missionaries

The Woman's Mission Society of the Morongo Valley Community Baptist Church is to have as guest speaker at the luncheon meeting Tuesday, Mrs. Joseph Forcinelli of Claremont.

Mrs. Forcinelli and her husband were returning to their mission work in the Congo after a vacation in the states, when the news of fighting in the Congo broke.

They were only five days out to sea, but the freighter on which they were sailing went on to its first port at the Congo, where it was not allowed to dock. The Forcinelli's and their small son were on the sea for 73 days before they were able to land, back in the states.

Mr. Forcinelli is working for his Ph. D. degree at the Graduate School in Claremont while they are waiting to return to Africa. Anyone who would like to attend this interesting meeting please get in touch with Barbara Van Pelt.

## SERMON SERIES CLOSES SUNDAY

Preceptor Mary Jane Stoddart will deliver the sixth and last in a series of sermons dealing with the "Mystery of Creation" Sunday, 10:45 a.m. at the First Sanctuary of Mystic Christianity, on the Twentynine Palms Highway, east of Yucca Valley.

On May 14, the Rev. Edwin J. Dingle will return to the pulpit to inaugurate the 55th convention for students of the inner teaching of the church (the Science of Mentalphysics), as well as to commence a new series of sermons on "Man's Triumph Over Negation."

## VISITORS TO HI-DESERT

Visitors to the Hi-Desert and to the G. M. Snedekers were William Snedeker and son; Mr. and Mrs. Burt Ritter and daughter, Ruth Alice; Mr. and Mrs. Neff Vasquez of Escondido; and Mr. and Mrs. Perry Woodsun of Temple City with their new baby.

Also visiting were Mr. and Mrs. W. E. Waier of Norwalk who are planning on building in the Hi-Desert soon.

At 8:30 p.m. will be the 7th Public Installation of Officers at the El Oasis Elementary School in Twentynine Palms. Immediately afterward there will be a dance for all the teenagers attending the Installation.

"The public is not only cordially invited but urged to attend all three of these functions to see our activities," said Barbera.

On April 25 Lewis Kanter, Richard Shupe, and Wayne Hart received their DeMolay degree at the regular meeting in Anthony's Market, Yucca Valley.

The DeMolay degree is a dramatic and historic portrayal of the trials, tortures, and martyrdom of Jacques DeMolay, — hero and exemplar of the Order—and teaches a lesson in fidelity and comradeship.

At this meeting, also, Miss Penny VanHekkan, a Jobs Daughter, was elected Chapter Sweetheart for the next term.

The Chapter will place a novelty float in the Annual Turtle Races Parade, May 6, it was reported by Jack Sleeth, co-chairman of the activities committee.

## Church Conducts Campaign Here

Assembly of God Church in Yucca Valley is conducting a Loyalty Campaign which started Easter and will continue to Pentecost.

There will be a mystery guest this Sunday and on May 14, Mother's Day, the "Mother of the Year" will be announced during the Sunday School Service.

The Rev. Ramsey Williams is pastor of the church which is at 7546 Kickapoo Tr. The public is invited to attend the services.

## MAN'S RELATION TO GOD SUNDAY TOPIC

"The Lord will perfect that which concerneth me: thy mercy, O Lord, endureth for ever." This declaration of the psalmist (138:8) is the golden text of the lesson- sermon on "Adam and Fallen Man" in all Christian Science churches on Sunday.

Man's perfect, spiritual relationship to God will be emphasized in the sermon. Opening Bible selection will include these passages from the first chapter of Genesis, "And God said, Let us make man in our image, after our likeness: . . . So God created man in his own image, in the image of God created he him; male and female created he them . . . And God saw every thing that he had made, and, behold, it was very good" (26, 27, 31).

Proceeds from the 5-8 event will be used for the philanthropic projects. Price admission is a \$1 donation.

Mary Bonita is chairman assisted by Virginia Denning, chairman, and Alice Goen, Cora Mina.

Tickets can be purchased by any member or at the Legion the night of the dinner.

## MRS. MARTIN HOSTESS FOR LUNCHEON

Mrs. Ben Martin, outgoing president of the Yucca Valley man's Club, was hostess at luncheon recently at the Cop Room where she entertained board members who had served under her during the past year.

Those attending the luncheon were: Mesdames Irene Fox, Leah Pausch, Berle Hurter, Lou Frederick, Emily Patton, M. Mellette, and Ethel Benedict.

Following the luncheon, members were invited to Martin home to play cards.

## FIRST FRIDAY MASS

## SCHEDULED AT CHURCH

First Friday at St. Mary's Catholic Church, Yucca Valley, will be marked by 7:30 a.m. Mass.

First Saturday there will be a 7:30 a.m. Mass, followed by the Rosary, announced by the Rev. Edward Creighton, pastor.

Thursday, May 11 is the feast of the Ascension. It is a holy day of obligation for Catholics, said Rev. Creighton. Mass scheduled will be announced Sunday.

May Day was dedicated to Joseph, Worker by Catholics throughout the world.

## BUSINESS SESSION FOR LADIES GROUP SLATED

Ladies Missionary Society Church of God will hold a business meeting Friday, 7:30 p.m. at the home of Claudius Murra, 55521 Navajo Tr.

Refreshments will be served and everyone is invited to attend the meeting.

## PHONE NUMBER

The phone number for Mrs. Janet Riggs, new society editor for the Hi-Desert Star, 365-5855 and she is anxious to include as many local news items each week as possible.

Deadline for copy each week is 5 p.m. Tuesday, but early copy will be much appreciated by both Mrs. Riggs and the Hi-Desert Star staff.

learning about young people all over the world.

To raise money to help pay for the necessary postage the club voted to hold a car wash sometime in June. The date and place will be announced later.

public are cordially invited to attend the "Power For Peace" program of activities beginning at 9:30 a.m. The day's program will include operational displays of weapons and equipment ranging from the .45 caliber pistol to the eight-inch (Self-propelled) howitzer.

Guests will be able to see the mighty arsenal of weapons available to America's First Force in Readiness, the U. S. Marine Corps, at the static display.

Personnel will be on hand to explain the workings of the different pieces of equipment and weapons. The respective gun crews of the larger weapons will give demonstrations of their weapons capabilities.

Weapons on display will include the newest Marine Corps anti-aircraft artillery piece, the HAWK missile; the TERRIER ground-to-air guided missile a Marine helicopter and many many other artillery weapons.

The TERRIER, which is guided to its target by a radar beam, provides long range defense against high-speed, medium altitude aircraft.

Highlighting the day's events will be a Regimental size parade featuring Marines from various units aboard the Base in full combat dress. The parade is scheduled to start at 3 p.m. and the music will be furnished by the well known Marine Corps Base Band which has made several appearances throughout the Southern California area.

A parade of this size is a rare sight not only to civilian visitors but to many Marines and dependents. This colorful ceremony will mark the end of the Armed Forces Day observance at Twentynine Palms.

## Ronald R. Gaw Serves In Navy

Ronald R. Gaw, radarman seaman, USN, son of Mr. and Mrs. Raymond C. Gaw of Yucca Valley, is serving aboard the heavy cruiser USS Helena, flagship for Commander, First Fleet operating out of San Diego.

He took part in the Second Phase of Exercise "Green Light" last week off the Coast of Southern California.

A carrier task group and submarines attempted to launch an undetected attack against various land and sea targets. Opposing them will be a hunter-killer anti-submarine group composed

## HI-DESERT HOST TO EXPEDITION

Wild bees, which carry the pollen of Hi-Desert dandelions, brought a team of entomologists from New York City to the Hi-Desert last Thursday and Friday.

Starting from the American Museum of Natural History, on 78th St., in New York, were Dr. Jerome Rosen, Ph.D. and Rudolph Schrammel.

After an unsuccessful search in Texas, equipped with a station wagon loaded with scientific gear, plus the traditional nets, the two men found their specimen of bee in Morongo Valley, one-half mile East of Navajo Trail.

Next stop on their scientific expedition is Borego, Calif. The Hi-Desert wild bee digs a tunnel a few inches into the sand to lay her eggs. A different bee, a "parasite," often lays her eggs in the same burrow, said Dr. Rosen.

Lodging two nights in Yucca Valley, the scientists expect to be searching for bees another week or more,—then returning with their report to the American Museum of Natural History.

## CSD Meet To Plan Future Development

Topics of interest to all Morongo Valley residents are on the agenda of the Morongo Valley Community Services District open meeting Friday, May 5, at 8 p.m.

Agenda topics include: long range future community planning (roads, water, flood control, zoning) proposals; investigation on the question of obtaining government land for recreational use; a progress report from the Fire Department and a report on landscaping the Municipal building.

"To find out what you can do for local government, or what local government can do for you, attend the open meeting," said President Edward Jones of the CSD board.

**OLD TIMERS**—Surprise package at the Queen's Festival was the appearance of stars of "Today and Yesterday" that call home in or near Yucca Valley. Here, from left, are Harry Oliver, famed publisher of the Desert Scrapbook; Zipp Moore, star of many a western film and rodeo circuit; and Pioneertown's own Cactus Kate, first Grubstake Queen of the Hi-Desert dating back to 1948. Kate is also a retired film star. (Jerry Moore Photo).

## BIRD? PLANE? BALLOON . . . !

A bird? A plane? Superman? Nope, it was a weather balloon that descended next to the Martin Bohlas home on Palomar Dr. in Yucca Valley.

At first the young Bohlas children thought it might be a kite that floated down from the skies, but closer investigation showed it to be a weather device.

Attached to the parachute-like rig was a case all prepared for mailing. Instructions were given to the finder to remove the battery and parachute, then mail the rest of the apparatus to the Weather Bureau in Joliet, Ill.

The Bohlas hope the device carries back to Illinois a record of the blue skies and sunshine conditions in the Hi-Desert.
