ABOUT THE AUTHOR

George H. Balazs is a research biologist with the Hawaii Institute of Marine Biology. He received a B.S. and M.S. degree from the University of Hawaii. Supported in part by the U.S. Fish and Wildlife Service, he has studied the green turtles at French Frigate Shoals in the Hawaiian Islands National Wildlife Refuge. He has published a number of scientific and popular articles dealing with the ecology and conservation of green turtles. Long periods of isolated field work have brought him in close contact with all the creatures that are dependent on the Refuge. Photos were taken by the author.
