Dear Mr. Balazs,
thank you for bringing the
little turtle and explaining
about his body parts. You showed
us that device that detects
the PIT tag. You explain to
us what PIT means. You
gave us information where
you see turtles and turtle
eggs. You said rubbish
can harm animals. You gave
us the coloring sheets so
we can learn more about
sea turtles. You showed us
the video about leather back
turtles. You gave us two
turtle posters and we enjoyed
looking at it.

Aloha,
Garland

Dear Mr. Balazs,

I am very happy for bringing the live turtle. It was very fun seeing a real live Leather Back turtle because I have never seen a live Leather Back turtle and it was really fun learning about it. Well, I really don't know if it was a Leather Back turtle but it was really fun and I was really glad too. Also thank you for giving us a lot of information because I'm sure that every one had a lot of fun and I'm very sure that I had fun about learning information not just about Leather Back turtles but about all kinds of turtles. Also I'd like to thank you for explaining about the P-L-I tag because I think that was my favorite part about learning about turtles and I really wonder how they get the microchip all the way in the middle of its flippers. Also thank

you for giving our class the two
posters because we have to look at
them. Thank you again. 'Mahalo!
