Rare chance to own a property in this part of Lana'i

Location, location, location.....What we always hear in Real Estate. That slogan is so true for this property. Rare chance to own a property in this part of Lana'i. Lana'i City homes "up the hill" are very seldom available for purchase. This area of the town is truly up the hill from the town central. Home is located on a circular park area, where only 2 properties are privately owned and available for individual home owners. Lot is over 1/3 acre with room for expanding the existing home or for an additional home/cottage on the property. Don't miss out on this rare opportunity.
